

Quartet – your behavioral health navigator

About one in four people in America experience a mental health condition like anxiety or depression. Change, uncertainty, and new ways of going about our daily lives can take a toll, and yet finding a mental health provider who is accepting new patients can be hard.

Quartet is here to help you get the care that's right for you.

Quartet will match you to care based on your health plan, needs, and preferences. The information you share is confidential. As a Premera member, you have free access to Quartet.

You can see providers in your plan network, both in person or virtually. If you need extra support on your care journey, Quartet also offers a team of Care Navigators who are available to help. Copays or deductibles apply when you see a provider.
