Access your vision information while you're on the go!

It's easier than ever to get your vision care information—even when you're on the run. Now you can see your vision benefits and find a VSP eye doctor right from your smartphone. You can also get directions to your doctor's office, and when you get there, just click the link to show them your VSP Member Vision Card.

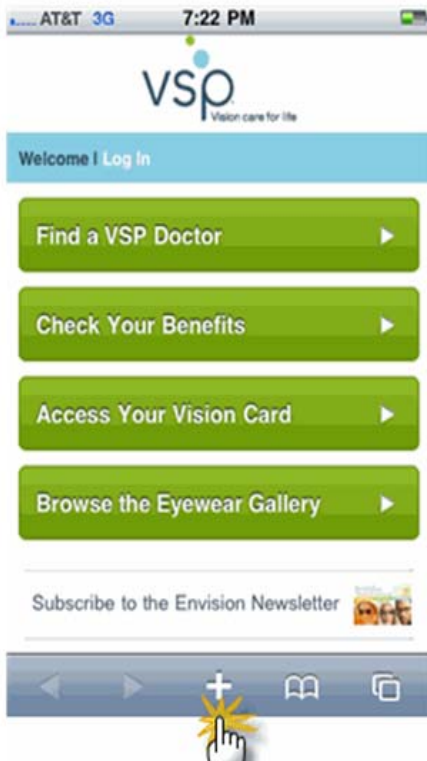

Grab your smartphone and get started today at vsp.com.

Vsp.com Launcher Icon for iPhones

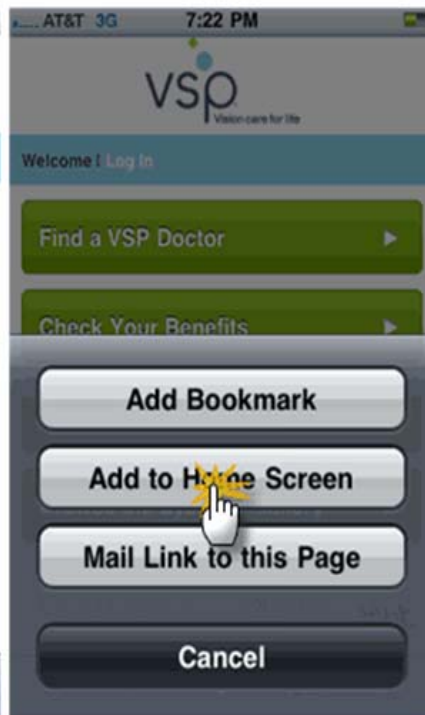

For convenient access to your vision care information, add the VSP launcher icon (aka bookmark) to the home screen of your iPhone.

### Adding VSP.com's launcher icon to your iPhone home screen is easy.

Open your Safari browser, visit [www.vsp.com](http://www.vsp.com), press the Add (+) button at the bottom of your screen.

Select "Add to Home Screen".

Select "Add". You're done!
