Out-of-State Network and Claims

The Premier Access dental network is available to eligible members outside the state of California, with over 110,000 dentists to choose from. A complete provider listing is available on the internet at www.premierlife.com. It is important that you confirm with your dentist at the time of treatment that they participate in the Premier Access network. For a dentist near you, call 888-715-0760.

Please check your Certificate of Insurance for a description of coverage, limitations, and exclusions under the plan. Some services require prior authorization. Allowed charge is limited to covered fee schedule. Charges in excess of maximum covered fee are not covered under this policy.

How it Works

The dental program offered is administered and underwritten by Premier Access Insurance Company, a national carrier and widely accepted dental plan.

On this plan, you may see any dentist. However, benefits are enhanced if you choose a provider from the Premier Choice Network (PCN) or Preferred Provider Organization (PPO) network. You can also reduce your costs by seeing a PCN or PPO provider.

PPO dentists offer discounted care (about 30%), and the plan normally pays a higher level of benefit. Additionally, the PCN/PPO dentist cannot balance bill you for amounts greater than the contracted rate.

How can we help you?
