WHAT'S NEW FOR 2024—BENEFIT CHANGES

UC is adding new benefits to the portfolio this year, including enhanced infertility coverage, acupuncture, and a higher allowance for vision materials.

The Contraceptive Equity Act of 2022 (SB 523) requires all FDA-approved over-the-counter (OTC) contraception and sterilization to be covered at \$0 copay in-network in both medical plans.

Behavioral Health services through MHN will transition to Health Net Behavioral Health. There will be no change to the current providers, the provider network, or the coverage and services available. The system migration will continue into Q2 2024 and will provide enhancements to the member experience.

LeapFrog, Cal Hospital Compare, and Sapphire will replace the WebMD Hospital Advisor Tool.

MEDICAL PLAN INFORMATION

Summary of Benefits and Coverage (SBC)

Understanding your health plan is important. The Summary of Benefits and Coverage (SBC) summarizes important information about your medical insurance plan in a straight-forward format to help familiarize you with your benefits. This document is accessible through the **Plan Documents Library** on the website.

Medical Plan Options Overview

Health Net HMO

- Under the Health Maintenance Organization (HMO) model, you must choose a Primary Care Physician (PCP) within the network. You can change your PCP up to once a month.
- The Primary Care Physician (PCP) will be your first point of contact when accessing care, acting as your “healthcare gatekeeper.”
- If you need to see a specialist, a referral from your PCP is required.
- The network is smaller than that of the PPO plan and there is no Out-of-Network benefit, except in the case of an emergency.
- HMO premiums, as well as the out of pocket expenses (i.e. deductible, co-payments, etc.) tend to be lower than the PPO plan option.

Health Net PPO

- The PPO plan offers much more flexibility and choice than the HMO plan because there is an ‘In-Network’ and ‘Out-of-Network’ choice at the time you seek service from a provider.
- The In-Network benefits (coinsurance, copayments, etc.) will be richer than the Out-of-Network benefits.
- At the time of service, the member has the ability to seek care from a specialist, without having to obtain a referral from a PCP.

HMO Primary Care Physician (PCP) Information

If you choose the Health Net Medical HMO plan through the UCPath web site, you have the option to choose a PCP through the [Find a Provider](#) link on the GBS website. Otherwise, Health Net automatically assigns you and your enrolling dependent (s) to a primary care physician (PCP). If you wish to change this selection for yourself or a family member, you may do so simply by calling Health Net at 888-893-1572. Be sure to make note of the effective date of your PCP change. If you access care through the new PCP before the effective date, those services will not be covered.

PLEASE NOTE: Health Net's out-of-state PPO network is changing effective 11/1/2023. [Click here](#) for more information.

WEBSITE RESOURCES

Provider Directories

For your convenience, you may begin accessing a list of providers directly from the GBS website via the [Find a Provider](#) link found within either the medical, dental or vision sections. While you are automatically assigned a PCP under the Health Net HMO plan, you can use the directory to locate a new PCP if you wish to change. You do not need to choose a PCP for the Health Net PPO plan. To find a new HMO PCP, or a PPO provider when you wish to access service, simply follow the applicable instructions via the [Find a Provider](#) link. Instructions for locating in-network dental and vision providers are also located within this link.

Accessing Care Out-of-Network Under a PPO Plan

When you seek services *in-network*, meaning, from providers listed in the PPO network, you are paying less for services since these providers have agreed to provide services per the provider network discounts outlined in their contracts with the insurance carriers. When you pay 50% for major services in-network when seeking services from a PPO dentist, you are paying 50% of a contracted, discounted rate. This is not the case with out-of-network providers.

Out-of-Network Example: The out-of-network dentist decides to charge \$1,000 for a porcelain crown on a molar. This dentist is not prohibited from charging what he/she feels can be charged for this service. Your percentage of cost out-of-network is 50% after the \$50 deductible, and Usual, Customary and Reasonable (UCR) is considered \$800 for this service: You pay \$425. **IN ADDITION**, you owe the difference between the UCR amount and what the out-of-network dentist decided to charge you (\$1,000 - \$800), which is an additional \$200.

Total estimated cost out-of-network for the porcelain crown on a molar: \$625

What is Life and AD&D Insurance?

Basic Life insurance helps provide financial protection by promising to pay a benefit in the event of an eligible member's covered death. Basic Accidental Death and Dismemberment (AD&D) insurance may provide an additional amount in the event of a covered death or dismemberment as a result of an accident.

Additional Features

AD&D Seat Belt Benefit: Up to \$10,000 is payable for death as a result of a car accident while wearing a seat belt.

AD&D Airbag Benefit: Provides further protection in the event of a covered automobile accident for which an AD&D Seat Belt Benefit is Payable.

AD&D Family Benefits: Includes benefits for career adjustment, childcare, and higher education for eligible surviving family members.

Designating Your Beneficiary(ies)

A beneficiary is the person or people you would like your life insurance benefit to be paid to in the event of your passing. A contingent beneficiary is the person or people who you would like the benefit to be paid to in the event that all of your primary beneficiaries have predeceased the insured. The Beneficiary form can be found on the GBS website [here](#).

DISABILITY PLANS

What are Short and Long-Term Disability Insurance?

These plans, offered to you through The Standard, provide you a way of protecting your income should you become disabled. Though many of us feel that we will never be disabled, studies show that a 20-year-old worker has a one-in-four chance of developing a disability before reaching full retirement age (Social Security Administration Fact Sheet, August 2022). It is important to have a vehicle to offer protection to your income, to allow you to meet your financial obligations when you are unable to work; Disability insurance does just that.

Core Benefits	Short-Term Disability (STD)
Benefit Amount	70% of your <i>pre-disability</i> earnings (\$1,000 per week maximum)
Benefit Waiting Period	0 days for an accidental injury 7 days for sickness or pregnancy
Maximum Benefit Period	180 days

! Please Note: Eligible international postdocs (title codes 3252, 3253, 3254, 3255, 3256) holding a J -1 Visa (and their J2 dependents) DO NOT need to purchase supplemental medical evacuation and repatriation coverage to meet J1 and J2 Visa requirements. The STD plan satisfies these requirements, even if the participant waives the medical, dental and vision coverage.

Core Benefits	Voluntary Long-Term Disability (LTD)*
Benefit Amount	60% of your <i>pre-disability</i> earnings (\$4,500 per month maximum)
Benefit Waiting Period	Payable after 180 days of continued disability
Maximum Benefit Period	Age 65
Pre-existing Conditions	Ailments diagnosed/treated during the 90 days prior to enrollment will not be covered until the plan has been active for 12 months.

*Plan is 100% paid by postdoc (\$10.93 per month), must enroll during your period of initial eligibility.

FLEXIBLE SPENDING ACCOUNTS (Health FSA)

NOTE: Re-election of the FSA is required during Open Enrollment for 2024 participation

Health FSA

Why should I choose a medical flexible spending account?

A medical FSA is a benefit that allows you to choose how much of your paycheck you'd like to set aside, before taxes are taken out, for healthcare expenses. This saves you money by reducing your taxable income.

Funds on Day 1

Schedule that surgery, buy those eyeglasses or finally get those braces. All of your FSA funds are available to spend right away. Use your benefits debit card at the point of purchase.

Discount

Think of it like a discount on healthcare expenses at stores such as Amazon, Target, CVS, Walmart, Walgreens and more. Dollars you contribute are taken out of your paycheck before tax which means a \$100 purchase would actually cost you over \$130 without a medical FSA.*

Plan ahead

Think about the money you spent on healthcare expenses last year. Plan ahead and set those funds aside in a medical FSA and save 30%.*

*Based on a 30% tax bracket.

What does it cover?

There are thousands of eligible items, including:

- Copays and coinsurance
- Birthing and lamaze classes
- Doctor visits and surgeries
- Dental and orthodontia
- Over-the-counter medications (first aid, allergy, asthma, cold/flu, heartburn, etc.)
- Frames, contacts, prescription sunglasses, etc.
- Prescription drugs

View our interactive eligible expense list at www.wexinc.com/insights/benefits-toolkit/eligible-expenses/

Can I enroll?

Yes, as long as you or your spouse aren't actively enrolled and contributing to a health savings account (HSA).

Fast fact

Don't know how much to elect? Determine how much you spent on healthcare expenses last year and estimate the amount you'll spend this year using our eligible expense list. Any funds you contribute to the medical FSA must be spent by the end of the plan year.

FLEXIBLE SPENDING ACCOUNTS (Dependent Care FSA)

NOTE: Re-election of the FSA is required during Open Enrollment for 2024 participation

Dependent Care FSA

Why should I choose a dependent care FSA?

A dependent care FSA allows you to put aside a portion of your paycheck before taxes for eligible dependent care expenses each year.

Save money

The dependent care FSA lets you pay for eligible dependent care expenses while you reap the benefits of additional tax savings. You're spending the money either way. This way, eligible childcare and other dependent care costs are a little less.

Save strategically

Submit all of your dependent care expenses at the end of the plan year for one lump sum reimbursement to give yourself a hard-earned "bonus".

Fast Fact

For recurring costs, submit our Recurring Dependent Care Form. It makes claim filing simple because you only need to submit one form once in order to get reimbursed each pay period. You can find the form on the back of this handout.

What does it cover?

The list includes, but is not limited to, eligible:

- Childcare center, babysitter, nanny (birth through age 12)
- Before- or after-school care
- Summer day camp
- Disabled dependent and/or spouse care
- Elder care

View our interactive eligible expense list at www.wexinc.com/insights/benefits-toolkit/eligible-expenses/

Can I enroll?

You are eligible if you and/or your spouse (if applicable) are gainfully employed, looking for work, or are attending school on a full-time basis.

If there are any changes in the provided information, I understand it is my responsibility to notify WEX. I understand that WEX may require me to submit any additional documentation, receipts and an updated request form at any time. I should retain a copy of all submitted documentation in the event of an IRS audit.
