Are Your Legal Rights and Privacy Protected in Times of Uncertainty

With the global spread of the novel coronavirus, we all must remain vigilant and attentive. LegalShield recognizes that during times of uncertainty, the need for sound legal help is more important than ever. Additionally, as the need to stay at home increases, more and more people are turning to the internet for work, shopping and entertainment than ever before – amplifying the need to protect your identity as well as your privacy online.

Navigating Your Legal Concerns

- Do you have the right to be refunded for travel expenses such as hotel deposits or airline fees?
- Can college or private school students get a refund for the remainder of the semester if forced to stay home?
- Do you have your estate planning documents (Wills, Trusts, Power of Attorney) complete and up-to-date?
- Is your health insurance provider legally required to cover doctor-ordered tests?

Keeping Your Identity Safe

- Can you identify coronavirus scams?
- Do you know how to identify if a link for a health product is legitimate?
- Can you spot phishing email attempts from fake health professionals?
- Do you know how to check to see if a charity set up for coronavirus research is authentic?

And as the COVID-19 crisis continues, LegalShield's provider law firms and IDShield's Licensed Private Investigators remain available and ready to support you with answers to the above questions and help with any personal legal or privacy-related matter you may encounter.

Millions of people lose their identities every year.

Don't be one of them.

Safeguarding your identity has never been more important. Nearly 500,000 cases of identity theft were reported in 2018--an increase of nearly 20% over the previous year.¹ IDShield is a comprehensive identity protection plan with proprietary features that go beyond other plans in monitoring your personal data, and restoring it if a data breach occurs.

Monitor more of what matters

We monitor your identity from every angle, not just your Social Security number, credit cards and bank accounts. If any change in your status occurs, you receive an update immediately.

We're always here to help, no matter what.

Our licensed investigators are available to answer your questions, even for simple advice. In the event of an actual identity theft emergency, identity theft specialists are on stand-by, ready to assist you 24/7.

Unlimited Service Guarantee

IDShield is committed to spending an unlimited amount of time to restore your identity. If a compromise occurs, your Licensed Private Investigator will immediately begin the process of restoring your identity to its pre-theft status, and won't stop working until it's restored.

Employee Family Plan Coverage

Minor Identity Protection

Allows parents/guardians to monitor up to 10 dependent children under the age of 18 for potentially fraudulent activity associated with their child's SSN. Unauthorized names, aliases and addresses that become associated with a minor's name and date of birth may be detected. The service monitors public records in all 50 states including: real estate data, new mover information, property and recorder of deed registration, county assessor/record data, internet job site providers, state occupational license data providers, voter information, public records/court proceedings, bankruptcies, liens and judgements.

IDShield Family

This plan covers you, your spouse or domestic partner and up to 10 dependents.

IDShield Individual

This plan covers you, the named member, only.

¹Federal Trade Commission. (2019). Consumer Sentinel Network: Data Book 2018.

Identity Consultation Services

As a member, you have unlimited access to identity consultation services provided by our Licensed Private Investigators. They will advise you on best practices for identity management tailored to your specific situation. Consultative services cover:

Privacy and Security Best Practice

- Best practices for the use and protection of your Social Security number and personally identifiable information (PII).
- Current trends, scams and schemes related to identity theft and fraud issues.
- Best practices for financial transactions, online activities and consumer privacy.
- Knowledge sharing to help protect your identity and to inform you of your rights under federal and state laws.
- Interpretation and analysis of your credit report and guidance to reduce pre-approved credit offers which increase risk of identity theft.
- Consult on public record inquiries, background searches or credit freeze issues.

Event-Driven Consultation Support

- Lost/stolen wallet assistance
- Data exposure/data breach

Security Monitoring

Username/Password (Credentials) Monitoring

This powerful, proprietary feature helps protect against takeovers of your social, financial and other online accounts by monitoring the internet, dark web and deep web. You'll receive an alert if we find that your username/password combinations have been exposed so you can change your password on that exposed account.

Court Records Monitoring

Detects criminal activity that may be associated with your personal information, sending an alert

when signs of potential criminal identity theft are recognized.

High Risk Credit Account Monitoring

As a member, you have access to continuous credit monitoring through TransUnion. Monitoring can be accessed immediately via the member's service dashboard on idshield.cloud or through the free IDShield mobile app. Credit activity will be reported promptly to the member via an email alert and mobile push notification.

Instant Hard Credit Inquiry Alerts

Members will be notified via email and the mobile app when a creditor requests their TransUnion credit file for the purposes of opening a new credit account. Alerts may also be triggered when a creditor requests a credit file for changes that would result in a new financial obligation, such as a new cell phone account, a lease for a new apartment or even an application for a new mortgage. Inquiry alerts can be helpful in determining when an identity thief is opening a new account without your authorization.

Credit Score Tracker

You can view a credit score from TransUnion that plots your score on a graph, giving you the ability to see how your credit scores have changed over time, along with score factors that provide insight into what events may have caused your credit score to change.

Payday Loan Monitoring

Alerts you when your personal information is associated with short-term, payday or similar cash-advance loans.

Dark Web Surveillance (Internet Monitoring)

Monitors global black-market websites, Internet Relay Chat (IRC), chat rooms, peer-to-peer sharing networks and social feeds or your PII, looking for matches of name, date of birth, Social

Security number, email addresses (up to 10), phone numbers (up to 10), driver's license number, passport number and medical ID numbers (up to 10).

Address Change Verification

Monitors a personal mailing address and sends an alert when a change of address has been requested through the United States Postal Service.

Social Media Monitoring

Monitors multiple social media accounts and content feeds for privacy and reputational risks. You will be alerted to privacy risks like the exposure of PII, including street address, date of birth or Social Security number, as well as reputational risks like foul language, drug and alcohol references, or discriminatory terms.

Identity Restoration

\$1 Million Protection Policy

IDShield provides a \$1 million protection policy, provided by a leading national carrier. This covers costs incurred as a result of identity theft — such as lost wages, travel expenses, elder and child care, and initial legal consultation, and certified public accountant costs.

Our Licensed Private Investigators perform the bulk of the restoration work required to restore a member's identity to pre-theft status.

Unlimited Service Guarantee

We will do whatever it takes for as long as it takes to restore your identity to its pre-theft status.

*Consultation services are limited to the solutions, best practices, legislation and established industry and organizational procedures in place in the United States and Canada as determined beneficial or productive by our Licensed Private Investigators.

Note: Purchase of IDShield requires member to have a valid email address.

The following are not included with the IDS services: **LEGAL REMEDY** - Any stolen identity event where the victim is unable or unwilling to prosecute the person who caused the victim to suffer the fraud or its consequences. **DISHONEST ACTS** - Any dishonest, criminal, malicious or fraudulent acts, if the member(s) who suffered the fraud personally participated in, directed or had knowledge of such acts. **FINANCIAL LOSS** - Membership services do not cover any financial losses attributed to the stolen identity event, including but not limited to, money stolen from a wallet or other monetary losses, unauthorized purchases of retail goods or services online, by phone, by mail or direct. **BUSINESS** - A covered stolen identity event does not include business losses, including but not limited to the theft or unauthorized or illegal use of the victim's business name, DBA or any other method of identifying the victim's business activity. **DORMANCY OR INACTIVITY** - If the victim cannot or does not provide the items required to open a case, or having initiated restoration, if the victim fails to respond to or cooperate in activity facilitated for the purpose of ID restoration. **INCURABLE** - Because of the nature of the activity associated with identity theft, some issues cannot be resolved. For example, if a fraudulent act results in the victim's name being improperly placed on a government agency's restricted list (e.g., a "no fly" list) IDShield cannot promise removal of the victim's name. Legal services are not provided under ID theft restoration services. IDShield plan members should consult their individual plans to determine availability of legal services.
