How to use your Plan

The best way to take full advantage of your dental Plan is to know its features. You can learn them by reading this benefit booklet before you go to the dentist. This benefit booklet is designed to give you a clear understanding of how your dental coverage works and how to make it work for you. It also answers some common questions, or if you do not understand something, give us a call at 800-554-1907. We’re more than happy to help.

Consult your provider regarding any charges that may be your responsibility before treatment begins.

Coinsurance

DDWA will pay a percentage of the cost of your treatment and you are responsible for paying the allowable balance. The part you pay is called the coinsurance.

Please see your “Reimbursement Levels for Allowable Benefits” under the “Summary of Benefits” section for details on the coinsurance required by your plan.

Benefit Period

Most dental benefits are calculated within a “benefit period,” which is typically for one year. For this Plan, the benefit period is the 12-month period starting the first day of January and ending the last day of December.

Plan Maximum

For your plan, the maximum amount payable by DDWA for Class I, II and III Covered Dental Benefits per Enrolled Person is \$1,500 each benefit period. Charges for dental procedures requiring multiple treatment dates are considered incurred on the date the services are completed, also known as the seat date. Amounts paid for such procedures will be applied to the Plan maximum based on the incurred date.

The lifetime maximum amount payable by DDWA for orthodontic benefits is \$1,500 per Enrolled Person.

Plan Deductible – In Network and Out of Service Area

This Plan does not have a deductible requirement.

Plan Deductible – Out of Network

Your Plan has a \$50 deductible per Enrolled Person each benefit period. This means that from the first payment or payments DDWA makes for Covered Dental Benefits, a deduction of \$50 is taken. This deduction is owed to the provider by you. Once an Enrolled Person has satisfied the deductible during the benefit period, no further deduction will be taken for that Enrolled Person until the next benefit period.

The deductible does not apply to:

- ◇ Class I Covered Dental Benefits

Your dental Plan offers three classes of covered treatment. Each class also specifies limitations and exclusions. For a summary of reimbursement levels for your plan, see the “Summary of Benefits” section in the front of this booklet.

Refer to the “Benefits Covered by Your Plan” section of this benefit booklet for specific Covered Dental Benefits under this Plan.

Other Benefits

Orthodontic Benefits for Covered Adults and Children

Orthodontic treatment is the appliance therapy necessary for the correction of teeth or jaws that are positioned improperly.

The lifetime maximum amount payable by DDWA for orthodontic benefits provided to and Enrolled Person shall be \$1,500. Not more than \$750 of the maximum, or one-half of DDWA's total responsibility shall be payable at the time of initial banding. Subsequent payments of DDWA's responsibility shall be made on a monthly basis throughout the length of treatment submitted, providing the employee is enrolled and the dependent is in compliance with the age limitation.

It is strongly suggested that an orthodontic treatment plan be submitted to, and a Confirmation of Treatment and Cost request be completed prior to commencement of treatment. A Confirmation of Treatment and Cost is not a guarantee of payment. See the “Confirmation of Treatment and Cost” section for additional information. Additionally, payment for orthodontic benefits is based upon eligibility. If individuals become dis-enrolled prior to the payment of benefits, subsequent payment is not made.

Covered Dental Benefits

- ◆ Fixed or removable appliance therapy for the treatment of teeth or jaws.
- ◆ Orthodontic records: exams (initial, periodic, comprehensive, detailed and extensive), X-rays (intraoral, extraoral, diagnostic radiographs, panoramic), diagnostic photographs, diagnostic casts (study models) or cephalometric films.

Limitations

- ◆ Payment is limited to:
 - ◇ Completion of the treatment plan, or any treatment that is completed through the plan’s limiting age for Orthodontics, whichever occurs first.
 - ◇ Treatment received after coverage begins (claims must be timely submitted to DDWA). For orthodontia claims, the initial banding date is the treatment date considered in the timely filing.
- ◆ Treatment that began prior to the start of coverage will be prorated. Allowable payment will be calculated based on the balance of treatment costs remaining on the date of eligibility.
- ◆ In the event of termination of the treatment plan prior to completion of the case, or termination of this plan, no subsequent payments will be made for treatment incurred after such termination date.

Exclusions

- ◆ Charges for replacement or repair of an appliance
- ◆ No benefits shall be provided for services considered inappropriate and unnecessary, as determined by DDWA.

It is strongly suggested that an orthodontic treatment plan be submitted to, and a Confirmation of Treatment and Cost be made by, DDWA prior to commencement of treatment. A Confirmation of Treatment and Cost is not a guarantee of payment. Additionally, payment for orthodontic benefits is based upon your eligibility. If you become ineligible prior to the subsequent payment of benefits, subsequent payment is not covered. If you have any questions about your Covered Dental Benefits or plan maximums please see the “Questions Regarding Your Plan” section on how to contact Customer Service.

Well Baby Checkups

For your infant child (three years of age and under), Delta Dental of Washington offers coverage for an oral evaluation and fluoride treatment through your family physician. Please ensure your infant child is enrolled in your dental plan to receive these benefits. Many physicians are trained to offer these evaluations, so please inquire when scheduling an appointment to be sure your physician offers this type of service. When visiting a physician with your infant, DDWA will reimburse the physician as a Non-Participating Provider, on your behalf for Oral Evaluation and Topical Application of Fluoride services performed. Reimbursement will be based on 100 percent of the applicable Non-Participating Provider fee for either Oral Evaluation or Topical Application of Fluoride, or both, depending on actual services provided.

Please see the “Benefits Covered by Your Plan” section of this booklet for any other limitations. Also, please be aware that Delta Dental of Washington has no control over the charges or billing practices of non-dentist providers which may affect the amount Delta Dental of Washington will pay and your financial responsibility.

If your provider has received training regarding Well Baby Checkups from DDWA they will have been provided instructions on how to submit a claim form. If your provider has not received training from DDWA, or if any provider has questions regarding how to file a claim they may contact us at 800-554-1907 for information on submitting a

standard claim form for this service. If you have paid your provider directly and have a receipt for these services, please call us at 800-554-1907 for information on how to obtain reimbursement.

Accidental Injury

DDWA will pay 100 percent of the filed fee or the maximum allowable fee for Class I, Class II, and Class III Covered Dental Benefit expenses arising as a direct result of an accidental bodily injury. However, payment for accidental injury claims will not exceed the unused Plan Maximum. A bodily injury does not include teeth broken or damaged during the act of chewing or biting on foreign objects. Coverage is available during the benefit period and includes necessary procedures for dental diagnosis and treatment rendered within 180 days following the date of the accident.

General Exclusions

 - (3) The services show a demonstrable benefit for a particular dental condition; and
 - (4) They are proven to be safe and effective.
 - b) Any individual whose claim is denied due to this experimental exclusion clause will be notified of the denial within 20 working days of receipt of a fully documented request.
 - c) Any denial of benefits by DDWA on the grounds that a given procedure is deemed experimental may be appealed to DDWA. DDWA will respond to such an appeal within 20 working days after receipt of all documentation reasonably required to make a decision. The 20-day period may be extended only with written consent of the covered person.
 - d) Whenever DDWA makes an adverse determination and delay would jeopardize the covered person's life or materially jeopardize the covered person's health, DDWA shall expedite and process either a written or an oral appeal and issue a decision no later than 72 hours after receipt of the appeal. If the treating Licensed Professional determines that delay could jeopardize the covered person's health or ability to regain maximum function, DDWA shall presume the need for expeditious determination in any independent review under.

Should there be a disagreement regarding the interpretation of such benefits, the subscriber shall have the right to appeal the determination in accordance with the non-binding appeals process in this benefit booklet and may seek judicial review of any denial of coverage of benefits.

Necessary vs. Not Covered Treatment

Your dentist may recommend a treatment plan that includes services which may not be covered by this Plan. DDWA does not specify which treatment should be performed, only which treatment will be paid for under your Plan. While a treatment may be appropriate for managing a specific condition of oral health, it must still meet the provisions of the dental Plan in order to be a paid Covered Dental Benefit. Prior to treatment, you and your dentist should discuss which services may not be covered as well as any fees that are your responsibility. For further information see the "Confirmation of Treatment and Cost" section.

Confirmation of Treatment and Cost

A Confirmation of Treatment and Cost is a request made by your dentist to DDWA to determine your benefits for a particular service. This Confirmation of Treatment and Cost will provide you and your dentist with general coverage information regarding your benefits and your potential out-of-pocket cost for services.

A Confirmation of Treatment and Cost is not an authorization for services but a notification of Covered Dental Benefits available at the time the Confirmation of Treatment and Cost is made and is not a guarantee of payment (please refer to the "Initial Benefit Determination" section regarding claims requirements).

A standard Confirmation of Treatment and Cost is processed within 15 days from the date of receipt of all appropriate information. If the information received is incomplete DDWA will notify you and your Dentist in writing that additional information is required in order to process the Confirmation of Treatment and Cost. Once the additional information is available your Dentist should submit a new request for a Confirmation of Treatment and Cost to DDWA.

In the event your benefits are changed, terminated, or you are no longer covered under this Plan, the Confirmation of Treatment and Cost is no longer valid. DDWA will make payments based on your coverage at the time treatment is provided.

Urgent Confirmation of Treatment and Cost Requests

Should a Confirmation of Treatment and Cost request be of an urgent nature, whereby a delay in the standard process may seriously jeopardize life, health, the ability to regain maximum function, or could cause severe pain in the opinion of a physician or dentist who has knowledge of the medical condition, DDWA will review the request within 72 hours from the receipt of the request and all supporting documentation. When practical, DDWA may provide notice of the determination orally with written or electronic confirmation to follow within 72 hours.

Immediate treatment is allowed without a requirement to obtain a Confirmation of Treatment and Cost in an emergency situation subject to the contract provisions.

Section C – Choosing a Dentist

You may select any licensed dentist to provide services under this Plan; however, if you choose a dentist outside of the Delta Dental PPO Network, your costs may be higher than if you were to choose a Delta Dental PPO Dentist. Dentists that do not participate in the Delta Dental PPO Network have not contracted with DDWA to charge our established PPO fees for covered services. As a result, your choice of dentists could substantially impact your out-of-pocket costs.

Once you choose a dentist, tell them that you are covered by a DDWA dental plan and provide them the name and number of your group and your member identification number. Your group information can be found on the identification card document provided to you at enrollment, or printed from www.DeltaDentalWA.com. Additionally, you may obtain your group information and your member identification number by calling our customer service number at 800-554-1907 or through our website at www.DeltaDentalWa.com.

Delta Dental of Washington uses randomly selected identification numbers or universal identifiers to ensure the privacy of your information and to help protect against identity theft. Please note that ID cards are not required to see your dentist, but are provided for your convenience.

Delta Dental Participating Dentists

Dentists who have agreed to provide treatment to patients covered by a DDWA plan are called 'Participating' Dentists, because they participate in our program of plans. For your Plan, Participating Dentists may be either Delta Dental Premier Dentists or Delta Dental PPO Dentists. You can find the most current listing of Participating Dentists by going online to the Delta Dental of Washington website at www.DeltaDentalWA.com. You may also call us at 800-554-1907.

Delta Dental Premier Dentists

Premier Dentists have agreed to provide services for their filed fee under our standard agreement

Delta Dental PPO Dentists

Our PPO Dentists have agreed to provide services at a fee lower than their original filed fee. Because of this, selecting a PPO Dentist may be a more cost effective option for you.

If you select a Delta Dental Participating Dentist they will complete and submit claim forms, and receive payment directly from DDWA on your behalf. Payment will be based on the pre-approved fees your dentist has filed with their local Delta Dental plan. You will not be charged more than the Participating Dentist's approved fee. You will be responsible only for stated coinsurances, deductibles, any amount over the plan maximum and for any elective care you choose to receive outside the Covered Dental Benefits.

Non-Participating Dentists

If you select a dentist who is not a Delta Dental Participating Dentist, you are responsible for ensuring either you or your dentist completes and submits a claim form. We accept any American Dental Association-approved claim form that you or your dentist may provide. You can also download claim forms from our website at www.DeltaDentalWA.com or obtain a form by calling us at 800-554-1907.

Payment for services performed by a Non-Participating Dentist will be based on their actual charges or the maximum allowable fees for Non-Participating Dentists in the state in which the services are performed, whichever is less. You will be responsible for paying any balance remaining to the dentist. Please be aware that DDWA has no control over Non-Participating Dentist's charges or billing practices.

Section D – Eligibility and Termination

Employee Eligibility and Enrollment

To be eligible for coverage for yourself and your dependents under your Employer's Plan you must:

- ◆ Be a regular and active employee who is paid on a regular basis through the Plan Sponsor's payroll system, and reported by the Plan Sponsor for Social Security purposes;
- ◆ Be a resident of the United States;
- ◆ Be an employee covered by a collective bargaining agreement which specifically allows for participation in this plan.

Eligible Employees become Enrolled Employees once they have fully completed the enrollment process and DDWA has received the employer contributions for their enrollment.

Initial Employee Eligibility

Your coverage will begin on the first day of the month following 60 days of employment, if you meet the eligibility requirements. In order to be eligible for initial coverage you must be:

- ◆ A non-bargaining Regular Full-Time, Seasonal Full-Time, or Regular Part-Time employee of Lynden Incorporated and Participating Employers reasonably expected to work 30 hours or more per week.
- ◆ A Lynden Transport, Inc. employee who has bargained participation in this plan and who meets the eligibility as defined in the bargaining agreement, or
- ◆ A bargaining unit employee of Northland Services, Inc. represented by the Inlandboatmen's Union of the Pacific Marine Division of the International Longshore and Warehouse Union who meets the eligibility as defined in the bargaining agreement.

If you are a Seasonal Full-Time or Part-Time Employee and average more than 30 hours per week on an average annual basis, you are eligible for coverage on the same basis as all other employees. Employees working less than 30 hours per week on an average annual basis are not eligible for coverage.

Non-Regular Seasonal Employees, Non-Regular Casual Employees and Part-Time Employees working less than 30 hours per week on an average annual basis are not eligible for coverage.

For your coverage to start on the date described above, you must:

- ◆ Complete an enrollment application and give it to the Benefits Team within 30 days of the date you become eligible; and
- ◆ Pay the required contribution.

Reinstatement Coverage Following Re-Employment

Reinstatement of coverage following re-employment will be effective the first day of the month that follows the date of re-employment provided re-employment occurs within 3 months.

This reinstatement will apply to the following employees:

Seasonal Full-Time Employees who have not worked an average of 30 hours during a standard measurement period and return to work for the subsequent season.

Covered Employees, who continue to meet the eligibility requirements, with a period of absence longer than 3 months who have been continuing coverage under the provisions of COBRA and for whom the maximum COBRA continuation extension period has not expired upon re-employment.

Employee Termination

Eligibility and Coverage terminates at the end of the month in which you cease to be an employee or at the end of the month for which timely payment of monthly Premiums was made by Group on your behalf to DDWA, or upon termination of Group's Contract with DDWA, whichever occurs first.

In the event of a suspension or termination of compensation, directly or indirectly as a result of a strike, lockout, or other labor dispute, an Enrolled Employee may continue coverage by paying the applicable Premium directly to the employer for a period not to exceed six months. Payments of premiums must be made when due, or DDWA may terminate the coverage.

Termination of coverage shall occur on the last day of the month during which the Enrolled Employee earns compensation or the Enrolled Employee ceases to meet the eligibility requirements. Termination of coverage shall occur on the last day of the month under the following circumstances:

- ◆ Plan is terminated
- ◆ The next monthly subscription charge isn't paid when due or within the grace period
- ◆ COBRA premiums are not paid
- ◆ Employee dies or otherwise is no longer eligible as an employee.

If your coverage ended because of termination of employment, it will be reinstated on the first of the month following or in the event that the date of re-employment coincides with the first day of the month, then reinstatement of coverage will occur on the date you return to work with the employer for returning seasonal full time employees, all covered employees returning within three months, employees returning after a period greater than three months if coverage was continued through COBRA. Otherwise you will be required to satisfy the eligibility requirements of a new employee.

The benefits under your DDWA dental Plan may be continued provided you are eligible for Federal Family and Medical Leave Act (FMLA) and you are on a leave of absence that meets the FMLA criteria. For further information, contact your employer.

Dependent Eligibility and Enrollment

To be a Dependent under this Plan, the family member must be:

- ◆ The lawful spouse of the subscriber, unless legally separated. ("Lawful spouse" means a legal union of two persons that was validly formed in any jurisdiction).

An Eligible Dependent child who is under 26 years of age and is:

- ◆ A natural offspring of either or both of the subscriber or spouse
- ◆ A legally adopted child of either or both the subscriber or spouse
- ◆ A child placed with the subscriber for the purpose of legal adoption in accordance with state law. "Placed" for adoption means assumption and retention by the subscriber of a legal obligation for total or partial support of a child in anticipation of adoption of such child.
- ◆ A legally placed ward of the subscriber or spouse. There must be a court or other order signed by a judge or state agency, which grants guardianship of the child to the subscriber or spouse as of a specific date. When the court order terminates or expires, the child is no longer an eligible child.
- ◆ Foster children are not eligible for coverage.

Dependent Termination

Unless otherwise indicated, an Enrolled Dependent shall cease to be enrolled in this Plan on the last day of the month of the Enrolled Employee's employment, or when the person no longer meets the definition of an Eligible Dependent, or the end of the calendar month for which Group has made timely payment of the monthly Premiums on behalf of the Enrolled Employee to DDWA, or upon termination of Group's Contract with DDWA, whichever occur first.

An Enrolled Dependent may terminate coverage at the renewal or extension of the dental Plan or at Open Enrollment only. Once an Enrolled Dependent's coverage is terminated, the coverage cannot be reinstated unless there is a qualifying event as defined in the "Special Enrollment" section.

A Dependent may be enrolled or terminated from coverage under this Plan during Open Enrollment or during a Special Enrollment Period following a qualifying event as defined in the "Special Enrollment" section.

Other Dependent Eligibility Topics

Coverage for an Enrolled Dependent child who attains the limiting age while covered under this Plan will not be terminated if the child is and continues to be both 1) incapable of self-sustaining employment by reasons of developmental disability (attributable to intellectual disability or related conditions which include cerebral palsy, epilepsy, autism, or another neurological condition which is closely related to intellectual disability or which requires treatment similar to that required for intellectually disabled individuals) or physical handicap; and 2) chiefly dependent upon the Enrolled Person for support and maintenance. Continued coverage requires that proof of incapacity and dependency be furnished to DDWA within 31 days of the dependent's attainment of the limiting age. DDWA reserves the right to periodically verify the disability and dependency but not more frequently than annually after the first two years.

Pursuant to the terms of a Qualified Medical Child Support Order (QMCSO), the Plan also provides coverage for a child, even if the parent does not have legal custody of the child or the child is not dependent on the parent for support. This applies regardless of any enrollment season restrictions that might otherwise exist for dependent coverage. A QMCSO may be either a National Medical Child Support Notice issued by a state child support agency or an order or judgment from a state court or administrative body directing the company to cover a child under the Plan. Federal law provides that a QMCSO must meet certain form and content requirements to be valid. If the parent is not enrolled in the Plan, the parent must enroll for coverage for both the parent and the child. If the plan receives a valid QMCSO and the parent does not enroll the dependent child, the custodial parent or state agency may do so. A child who is eligible for coverage through a QMCSO may not enroll dependents for coverage under the plan.

Special Enrollment Periods

Enrollment or termination of you or your Eligible Dependent is allowed at Open Enrollment times, and also during Special Enrollment Periods, which are triggered by the following situations:

Loss of Other Coverage

If you and/or your Eligible Dependents involuntarily lose coverage under another dental plan, you may change coverage under this Plan if you or your Eligible Dependent lose eligibility in another health Plan or your coverage is terminated due to the following:

- ◆ You declined enrollment in this Plan.
- ◆ You lose eligibility in another health Plan or your coverage is terminated due to the following:
 - ◇ Legal separation or divorce
 - ◇ Cessation of dependent status
 - ◇ Death of Employee
 - ◇ Termination of employment or employer contributions
 - ◇ Reduction in hours
 - ◇ Loss of individual or group market coverage because of move from Plan area or termination of benefit plan
 - ◇ Exhaustion of COBRA coverage
- ◆ Your application to enroll in this Plan must be received by DDWA within 60 days of losing other coverage. Coverage will be effective the first day of the month following receipt of application.

If these conditions are not met, you must wait until the next Open Enrollment Period, or the occurrence of another valid qualifying election event, to apply for coverage.

DDWA or the Group may require confirmation that when initially offered coverage the Eligible Person submitted a written statement declining because the Eligible Person or Eligible Dependent has other coverage. DDWA requests that the application for coverage under this Plan must be made within 60 days of the termination of previous coverage. If an additional Premium for coverage is required and enrollment and payment is not completed within

the 60 days, such Eligible Dependent may be enrolled during the next Open Enrollment or the occurrence of another valid qualifying election event.

Marriage, Birth or Adoption

If you declined enrollment in this Plan, you may apply for coverage for yourself and your Eligible Dependents in the event of marriage, birth of a child(ren), or when you or your spouse assume legal obligation for total or partial support of a child(ren) in anticipation of adoption.

- ◆ Marriage – The application for coverage must be made within 60 days of the date of marriage. If enrollment and payment are not completed within the 60 days, the Eligible Dependent may be enrolled during the next Open Enrollment or the occurrence of another valid qualifying election event.
- ◆ Birth – A newborn shall be covered from and after the moment of birth. If an additional Premium for coverage is required and enrollment is not completed within the 60 days, the newborn dependent will be covered from the effective date of enrollment. The application for coverage must be made within 60 days of the date of birth, if additional Premium for coverage is required and enrollment and payment is not completed within this timeframe, the Eligible Dependent may be enrolled during the next Open Enrollment or the occurrence of another valid qualifying election event.
- ◆ Adoption – The application for coverage must be made within 60 days of the date of assumption of a legal obligation for total or partial support of the child in anticipation of adoption. If an additional Premium for coverage is required and enrollment and payment is not completed within the 60 days, the Eligible Dependent may be enrolled during the next Open Enrollment or the occurrence of another valid qualifying election event.

Uniformed Services Employment & Re-Employment Rights Act (USERRA)

Enrolled Employees who join a branch of military service have the right to continue dental coverage for up to 24 months by paying the monthly Premiums, even if they are employed by groups that are too small to comply with COBRA. For further information on your rights under this act, please contact your legal counsel.

Family and Medical Leave Act (FMLA)

The benefits for an enrolled member under this dental Plan may be continued provided the employee is eligible for the Federal Family and Medical Leave Act (FMLA) and is on a leave of absence that meets the FMLA criteria. For further information, contact your employer.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

Federal law requires that should certain qualifying events occur which would have previously terminated coverage, coverage may continue for a period of time on a self-pay basis.

When you terminate for reasons other than gross misconduct, you may continue your dental benefits for up to 18 months by self-paying the required Premium. This option to continue dental benefits terminates if you become eligible for coverage under another group dental plan.

If a dependent no longer meets the eligibility requirements due to the death or divorce of the employee, or does not meet the age requirement for children, coverage may continue up to three years by self-paying the required Premium. This option to continue dental benefits terminates if the dependent becomes eligible for coverage under another group dental plan.

Contact your employer for further clarification and details of how they plan to implement this continuation of coverage for eligible persons.

Section E – Claim Review

Claim Forms

American Dental Association-approved claim forms may be obtained from your dentist. You may also download claim forms from our website at www.DeltaDentalWA.com or call us at 800-554-1907 to have forms sent to you.

The plan is not obligated to pay for treatment performed for which claim forms are not submitted within six months after the date of treatment or as soon as medically possible. For orthodontia claims in the initial banding, which is the date the appliance is placed, is the treatment date used to start this six-month period.

Initial Benefit Determinations

An initial benefit determination is conducted at the time of claim submission to DDWA for payment modification or denial of payment. In accordance with regulatory requirements, DDWA processes all clean claims within 30 days from the date of receipt. Clean claims are claims that have no defect or impropriety, including a lack of any required substantiating documentation, or particular circumstances requiring special treatment that prevents timely payments from being made on the claim. Claims not meeting this definition are paid or denied within 60 days of receipt.

If a claim is denied, in whole or in part, or is modified, you will be furnished with a written Explanation of Benefits (EOB) that will include the following information:

- ◆ The specific reason for the denial or modification
- ◆ Reference to the specific plan provision on which the determination was based
- ◆ Your appeal rights should you wish to dispute the original determination

Appeals of Denied Claims

How to contact us

We will accept notice of an Urgent Care, Grievance, or Appeal if made by you, your covered dependent, or an authorized representative of your covered dependent orally by contacting us at the telephone number below or in writing directed to Delta Dental of Washington, P.O. Box 75983, Seattle, WA 98175-0983. You may include any written comments, documents or other information that you believe supports your claim. For more information please call 800-554-1907.

Authorized Representative

You may authorize another person to represent you or your dependent and receive communications from DDWA regarding you or your dependent's specific appeal. The authorization must be in writing and signed by you. If an appeal is submitted by another party without this authorization, a request will be made to obtain a completed authorized representative form. The appeal process will not commence until this form is received. Should the form, or any other document confirming the right of the individual to act on your behalf, i.e., power of attorney, not be returned, the appeal will be closed.

Informal Review

If your claim for dental benefits has been completely or partially denied, or you have received any other adverse benefit determination, you have the right to initiate an appeal. Your first step in the appeal process is to request an informal review of the decision. Either you, or your authorized representative (see the "Authorized Representative" section), must submit your request for a review within 180 days from the date of the adverse benefit determination (please see your Explanation of Benefits form). A request for a review may be made orally or in writing and must include the following information:

- ◆ Your name, the patient's name (if different) and ID number
- ◆ The claim number (from your Explanation of Benefits)
- ◆ The name of the dentist

DDWA will review your request and send you a notice within 14 days of receiving your request. This notice will either be the determination of our review or a notification that we will require an additional 16 days, for a total of 30 days. When our review is completed, DDWA will send you a written notification of the review decision and provide you information regarding any further appeal rights available should the result be unfavorable to you. Upon request, you will be granted access to, and copies of, all relevant information used in making the review decision. Informal reviews of wholly or partially denied claims are conducted by persons not involved in the initial claim determination.

Formal Review

If you are dissatisfied with the outcome of the informal review, you may request a formal appeal. Your formal appeal will be reviewed by the DDWA Appeals Committee. This Committee includes only persons who were not involved in either the original decision or the previous review.

Your request for a review by the Appeals Committee must be made within 90 days of the date of the letter notifying you of the informal review decision. Your request should include the information submitted with your informal review request plus a copy of the informal review decision letter. You may also submit any other documentation or information you believe supports your case.

The Appeals Committee will review your claim within 30 days of receiving your request. Upon completion of their review the Appeals Committee will send you written notification of their decision. Upon request, you will be granted access to, and copies of, all relevant information used in making the review decision.

Whenever DDWA makes an adverse determination and delay would jeopardize the covered person's life or materially jeopardize the covered person's health, DDWA shall expedite and process either a written or an oral appeal and issue a decision no later than 72 hours after receipt of the appeal. If the treating Licensed Professional determines that delay could jeopardize the eligible person's health or ability to regain maximum function, DDWA shall presume the need for expeditious review, including the need for an expeditious determination in any independent review consistent with applicable regulations.

Extension of Benefits

In the event a person ceases to be eligible for enrollment, or ceases to be enrolled, or in the event of termination of this Plan, DDWA shall not be required to pay for services beyond the termination date. An exception will be made for the completion of procedures requiring multiple visits that were started while coverage was in effect, are completed within 30 days of the termination date, and are otherwise benefits under the terms of this Plan.

Coordination of Benefits

Coordination of this Contract's Benefits with Other Benefits: The coordination of benefits (COB) provision applies when you have dental coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100 percent of the total Allowable Expense.

Definitions: For the purpose of this section, the following definitions shall apply:

- A. A "Plan" is any of the following that provides benefits or services for dental care of treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts. However, if COB rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which COB does not apply is treated as a separate Plan.
- 1) Plan includes: group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or health maintenance organizations (HMO), Closed Panel Plans or other forms of group coverage, medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental Plan, as permitted by law.
 - 2) Plan does not include: hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident and similar coverage that cover students for accidents only, including athletic injuries, either on a twenty-four-hour basis or on a "to and from school" basis, benefits for nonmedical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; A state Plan under Medicaid; A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental plan; benefits provided as a part of a direct agreement with a direct patient provider primary care practice as defined by law or coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under the above bullet points is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. "This Plan" means, in a COB provision, the part of the contract providing the dental benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing dental benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply one COB provision to coordinate other benefits.
- C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when you have dental coverage under more than one Plan.

When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and must make payment in an amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim are coordinated up to 100 percent of the total Allowable expense for that claim. This means that when This Plan is secondary, it must pay the amount which, when combined with what the Primary Plan paid, does not exceed 100 percent of the Allowable Expense. In addition, if This Plan is secondary, it must calculate its savings (its amount paid subtracted from the amount it would have paid had it been the Primary Plan) and record these savings as a benefit reserve for you. This reserve must be used to pay any expenses during that calendar year, whether or not they are an Allowable Expense under This Plan. If This Plan is secondary, it will not be required to pay an amount in excess of its maximum benefit plus any accrued savings.

- D. "Allowable Expense" except as outlined below, means any health care expense including coinsurance or copayments and without reduction for any applicable deductible, that is covered in full or in part by any of the plans covering you. When coordinating benefits as the secondary plan, Delta Dental of Washington must pay as amount which, together with the payment made by the primary plan, cannot be less than the same allowable expense as the secondary Plan would have paid if it was the primary plan, cannot be less than the same allowable expense as the secondary Plan would have paid if it was the primary plan. In no event will DDWA be required to pay an amount in excess of its maximum benefit plus accrued savings. When Medicare, Part A, Part B, Part C, or Part D is primary, Medicare's allowable amount is the allowable expense.

An expense or a portion of an expense that is not covered by any of the plans is not an allowable expense. The following are examples of expenses that are not Allowable Expenses.

- 1) If you are covered by two or more Plans that compute their benefit payments on the basis of a maximum allowable amount, relative value schedule reimbursement method or other similar reimbursement method, any amount charged by the provider in excess of the highest reimbursement amount for a specific benefits is not an Allowable Expense.
 - 2) If you are covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of this plan's negotiated fee is not an Allowable Expense.
- E. "Closed Panel Plan" is a Plan that provides dental benefits to you in the form of services through a panel of providers who are primarily employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. "Custodial Parent" is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year without regard to any temporary visitation.

Order of Benefit Determination Rules: When you are covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan must pay or provide its benefits as if the Secondary Plan or Plans did not exist.
- B. A Plan that does not contain a coordination of benefits provision that is consistent with Chapter 284-51 of the Washington Administrative Code is always primary unless the provisions of both Plans state that the complying Plan is primary, except coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the Plan provided by the contract holder.
- C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1) "Non-Dependent or Dependent" The Plan that covers you other than as a Dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers you as a Dependent is the Secondary Plan. However, if you are a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering you as a Dependent, and primary to the Plan covering you as other than a Dependent (e.g., a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering you as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 - 2) "Dependent Child Covered Under More Than One Plan" Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:
 - 3) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - 4) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - 5) If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
 - 6) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

- 7) If a court decree states that one of the parents is responsible for the Dependent child's dental expenses or dental coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to claims determination periods commencing after the Plan is given notice of the court decree;
- 8) If a court decree states one parent is to assume primary financial responsibility for the Dependent child but does not mention responsibility for dental expenses, the Plan of the parent assuming financial responsibility is primary;
- 9) If a court decree states that both parents are responsible for the Dependent child's dental expenses or dental coverage, the provisions of point 1) above (for dependent child(ren) whose parents are married or are living together) determine the order of benefits;
- 10) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the dental expenses or dental coverage of the Dependent child, the provisions of point 1) above (for dependent child(ren) whose parents are married or are living together) determine the order of benefits; or
- 11) If there is no court decree allocating responsibility for the Dependent child's dental expenses or dental coverage, the order of benefits for the child is as follows:
 - The Plan covering the Custodial Parent, first;
 - The Plan covering the spouse of the Custodial Parent, second;
 - The Plan covering the noncustodial Parent, third and then
 - The Plan covering the spouse of the noncustodial Parent, last
 - a) For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of points 1) or 2) above (for dependent child(ren) whose parents are married or are living together or for dependent child(ren) whose parents are divorced or separated or not living together) determine the order of benefits as if those individuals were the parents of the child.
- 12) "Active Employee or Retired or Laid-off Employee": The Plan that covers you as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering you as a retired or laid-off employee is the Secondary Plan. The same would hold true if you are a Dependent of an active employee and you are a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.
- 13) "COBRA or State Continuation Coverage": If your coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering you as an employee, member, subscriber or retiree or covering you as a Dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the Non-Dependent or Dependent provision above can determine the order of benefits.
- 14) "Longer or Shorter Length of Coverage": The Plan that covered you as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered you the shorter period of time is the Secondary Plan.
- 15) If the preceding rules do not determine the order of benefits, the Allowable Expense must be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan:

When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a claim determination period are not more than the Total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan must make payment in an amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed 100 percent of the total Allowable Expense for that claim. Total Allowable Expense is the Allowable Expense of the Primary Plan or the

Secondary Plan up to this plan's allowable expense. In addition, the Secondary Plan must credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other dental coverage.

How We Pay Claims When We Are Secondary: When we are knowingly the Secondary Plan, we will make payment promptly after receiving payment information from your Primary Plan. Your Primary Plan, and we as your Secondary Plan, may ask you and/or your provider for information in order to make a payment. To expedite payment, be sure that you and-or your provider supply the information in a timely manner.

If the Primary Plan fails to pay within 60 calendar days of receiving all necessary information from you and your provider, you and/or your provider may submit your claim for us to make payment as if we were your Primary Plan. In such situations, we are required to pay claims within 30 calendar days of receiving your claim and the notice that your Primary Plan has not paid. This provision does not apply if Medicare is the Primary Plan. We may recover from the Primary Plan any excess amount paid under the "right of recovery" provision in the plan.

If there is a difference between the amounts the plans allow, we will base our payment on the higher amount. However, if the Primary Plan has a contract with the provider, our combined payments will not be more than the amount called for in our contract. Health maintenance organizations (HMOs) and health care service contractors usually have contract with their providers as do some other plans.

We will determine our payment by subtracting the amount paid by the Primary Plan from the amount we would have paid if we had been the Primary Plan. We must make payment in an amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all plans for the claim does not exceed one hundred percent of the total allowable expense (the highest of the amounts allowed under each Plan involved) for your claim. We are not required to pay an amount in excess of our maximum benefit plus any accrued savings. If your provider negotiates reimbursement amounts with the plan(s) for the service provided, your provider may not bill you for any excess amounts once he/she has received payment for the highest of the negotiated amounts. When our deductible is fully credited, we will place any remaining amounts in a savings account to cover future claims which might not otherwise have been paid.

Right to Receive and Release Needed Information:

Certain facts about dental coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. The company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering you. The Company need not tell, or get the consent of, any person to do this. To claim benefits under This Plan you must give the Company any facts it needs to apply those rules and determine benefits payable.

Facility of Payment:

If payments that should have been made under This Plan are made by another Plan, the Company has the right, at its discretion, to remit to the other Plan the amount the Company determines appropriate to satisfy the intent of this provision. The amounts paid to the other Plan are considered benefits paid under This Plan. To the extent of such payments, the Company is fully discharged from liability under This Plan.

Right of Recovery:

The Company has the right to recover excess payment whenever it has paid Allowable Expenses in excess of the maximum amount of payment necessary to satisfy the intent of this provision. The Company may recover excess payment from any person to whom or for whom payment was made or any other Company or Plans.

Notice to Covered Persons:

If you are covered by more than one health benefit Plan, and you do not know which is your Primary Plan, you or your provider should contact any one of the health Plans to verify which Plan is primary. The health Plan you contact is responsible for working with the other health Plan to determine which is primary and will let you know within 30 calendar days.

CAUTION: All health Plans have timely claim filing requirements. If you, or your provider, fail to submit your claim to a secondary health Plan within the Plan's claim filing time limit, the Plan can deny the claim. If you experience delays in the processing of your claim by the primary health Plan, you or your provider will need to submit your claim to the secondary health Plan within its claim filing limit to prevent a denial of the claim.

To avoid delays in claims processing, if you are covered by more than one Plan you should promptly report to your providers and Plans any changes in your coverage.

Subrogation

If we pay benefits under this policy, and you are paid by someone else for the same procedures we pay for, we have the right to recover what we paid from the excess received by you, after full compensation for your loss is received. Any legal fees for recovery will be pro-rated between the parties based on the percentage of the recovery received. You have to sign and deliver to us any documents relating to the recovery that we reasonably request.

Does DDWA cover tooth colored fillings on my back teeth?

It is your group’s choice to cover posterior composite fillings (tooth colored fillings on your back teeth), or only allow posterior amalgam fillings (silver fillings on your back teeth). Please see the “Benefits Covered by Your Plan” section to determine which election your Group has made. You may also log on to the “MySmile® Personal Benefits Center” on our website, www.DeltaDentalWA.com, or call us at 800-554-1907 for assistance in determining whether or not your Plan covers posterior composite fillings.

Do I have to get an “estimate” before having dental treatment done?

You are not required to get an estimate before having treatment, but you may wish to do so. You may ask your dentist to complete and submit a request for an estimate, called a Confirmation of Treatment and Cost. The estimate will provide you with estimated cost for your procedure, but is not a guarantee of payment.
