## **Benefit Exclusions**

Like any insurance, this dental insurance plan does have some exclusions.

- The plan does not cover services started before coverage begins or after it ends. Benefits are limited to appropriate and necessary procedures listed in the policy, along with any procedures required by state law. Benefits are not payable for duplication of services. Covered expenses will not exceed the policy's allowances.
- Plan benefits are not payable for a condition that is covered under Workers' Compensation or a similar law; that occurs during the course of employment or military service or involvement in an illegal occupation, felony, or riot; or that results from a self-inflicted injury.
- The plan does not cover an orthodontia treatment plan started before coverage begins unless the member was receiving orthodontia benefits from the employer's previous group dental policy. In this case, Lincoln Financial will continue orthodontia benefits until the combined benefit paid by both policies is equal to this policy's lifetime orthodontia maximum.
- In certain situations, there may be more than one method of treating a dental condition. This policy includes an alternative benefits provision that may reduce benefits to the lowest-cost, generally effective, and necessary form of treatment.
- Certain conditions, such as age and frequency limitations, may impact your coverage. See the plan policy for details.

A complete list of benefit exclusions is included in the policy. State variations apply.

This is not intended as a complete description of the insurance coverage offered. Controlling provisions are provided in the policy, and this summary does not modify those provisions or the insurance in any way. This is not a binding contract. A certificate of coverage will be made available to you that describes the benefits in greater detail. Refer to your certificate for your maximum benefit amounts. Should there be a difference between this summary and the contract, the contract will govern.
