

Your Retirement Plan Account App

Easy access at your fingertips

Download the **NWPSRETIRE** app to access your account while you're on the go.

If you'd like to access your account, the mobile app can help. Just search for "**NWPSRetirementAccess**" in either the [Apple App](#) or [Google Play](#) store. You can log in using the same information as you would when you visit the website.

With the app, you can see:

- a quick overview of your account – your balance, contributions and rate of return.
- your investment options and information about them.
- your vested balance by money type, such as if you've rolled money over or if your employer makes a contribution.
- account activity, such as contributions and gains or losses.
- how your investments are performing.

Watch for new app features that will let you make changes to your account – coming soon!
