

Bellin Health Clinic Access Enrollment Form

We're excited to announce that starting May 1, 2023, **all** ChemDesign employees, spouses, and dependents will have access to free, confidential primary care services at the Bellin Health Employer Clinic at 2820 Roosevelt Road, Marinette.

All non-medical plan members will need to present a unique Bellin Health benefits card to the registration desk at the time of appointment. These cards will be distributed closer to May 1st. In preparation for service launch, Bellin Health is requesting the names of all employees, spouses and dependents to be printed on the benefits card.

If you are not electing medical coverage or you have family members that take outside medical programs but wish to utilize the free near-site Clinic, please complete the form below. It is important to note that if this information is not provided to ChemDesign, we are unable to register you for access and you may be denied eligibility for services.

Please complete the form below and return to Kaylyn Parker by **Friday, April 14**.

Employee Name: _____

Spouse Name: _____

Dependent Name(s):
