WHAT DOES IT MEAN TO BE DISABLED?

Disability is defined in The Hartford's certificate with your employer. Typically, disability means that you cannot perform one or more of the essential duties of your occupation due to injury, sickness, pregnancy or other medical condition covered by the insurance, and as a result, your current monthly earnings are less than 80% of your pre-disability earnings. Once you have been disabled for 2 years following the elimination period, you must be prevented from performing one or more of the essential duties of any occupation and as a result, your

current monthly earnings are less than or equal to 60% of your pre-disability earnings.

Pre-disability earnings is your regular monthly rate of pay, not counting commissions, bonuses, overtime pay or any other fringe benefit or extra compensation.

WILL MY BENEFIT BE TAXED?

The cost of your core coverage is included in your gross income on IRS Form W-2, unless you elect otherwise prior to the beginning of a new plan year. This means your benefit will not be taxed.
