- Root canals

PROTECTS YOUR SMILE.
You can feel more confident with dental insurance that encourages routine cleanings and checkups. Dental insurance helps protect your teeth for a lifetime.

PREVENTS OTHER HEALTH ISSUES.
Just annual preventive care alone can help prevent other health issues such as heart disease and diabetes. Many plans cover preventive services at or near 100% to make it easy for you to use your dental benefits.

LOWERS OUT-OF-POCKET EXPENSES.
Seeing an in-network dentist can reduce your fees approximately 30% from their standard fees. Add the benefits of your coinsurance to that and things are looking good for your wallet.

Your employer is offering you a choice of two dental plans. Please review the information for both the basic and enhanced plans. Then, choose the one plan that best fits your needs.

DENTAL FAST FACTS

Treating the inflammation from periodontal disease can help manage other health problems such as heart disease and diabetes.[1]

50% of adults over the age of 30 are suffering from periodontal disease.[2]

Frequently asked questions (basic plan)

How does a PPO work?
PPO stands for Participating Provider Organization. With a dental PPO plan, dental providers agree to participate in a dental network by offering discounted fees on most dental procedures. When you visit a provider in the network, you could see lower out-of-pocket costs because providers in the network agree to these pre-negotiated discounted fees on eligible claims.

How do I find a dentist?
Simply visit www.sunlife.com/findadentist. Follow the prompts to find a dentist in your area who participates in the PPO network. You do not need to select a dentist in advance. The PPO network for your plan is the Sun Life Dental Network® with 130,000+ unique dentists[3].

How can using a network dentist help lower my costs?
You are free to use the dentist or specialist of your choice. However, this plan allows you to have access to the Sunlife Dental Network® PPO dentists and to take advantage of their fee discounts. Treatment is available from out-of-network dentists, but their fees are subject to an allowable charge. The allowable amount for out-of-network dentists is based on 45% off the 80th percentile of the amount charged by other dentists in the same geographic area. Patients are responsible for fees in excess of the allowable charge. There can be significant out-of-pocket expenses if an out-of-network dentist is chosen.

Are my dependents eligible for coverage?
Yes. Your plan offers coverage for your spouse[4] and dependent children. An eligible child is defined as a child to age 26.[5]

What if I have already started dental work, like a root canal or braces, that requires several visits?
Your coverage with us may handle these procedures differently than your prior plan. To ensure a smooth transition for work in progress, call our dental claims experts before your next visit at 800-442-7742.

Do I have to file the claim?
Many dentists will file claims for you. If a dentist will not file your claim, simply ask your dentist to complete a standard American Dental Association (ADA) claim form and mail it to:

Sun Life
PO Box 311
Milwaukee, WI 53201-0311

How can I get more information about my coverage or find my dental ID card?
After the effective date of your coverage, you can view benefit information online at your convenience through your Sun Life account. To create an account go to www.sunlife.com/account and register. You can also access this information from our mobile app, which is available for Apple and Android devices. Or you can call Sun Life's Dental Customer Service at 800-442-7742. You can also call any time, day or night, to access our automated system and get answers to common questions when it's convenient for you.

What value added benefits does my plan include?
Your plan includes our Lifetime of Smiles® program, with benefits many people prefer, such as brush biopsies for the early detection of oral cancer.

Your plan also includes Preventive Rewards so you can get up to $1000 added to your annual maximum for the next year. The amount added is based on your paid claims for preventive services during the prior year.

CONSIDER A PRE-DETERMINATION OF BENEFITS

They allow us to review your provider's treatment plan to let you know before treatment is started how much of the work should be covered by the plan, and how much you may need to cover. We recommend them for any dental treatment expected to exceed $500.

Important information

Benefit adjustments

Benefits will be coordinated with any other dental coverage. Under the Alternative Treatment provision, benefits will be payable for the most economical services or supplies meeting broadly accepted standards of dental care.

Late entrant

If you or a dependent apply for dental insurance more than 31 days after you become eligible, you or your dependent are a late entrant. The benefits for the first 12 months for late entrants will be limited as follows:

TIME INSURED CONTINUOUSLY UNDER THE POLICY	BENEFITS PROVIDED FOR ONLY THESE SERVICES
Less than 6 months	Preventive Services
At least 6 months but less than 12 months	Preventive Services and fillings under Basic Services
At least 12 months	Preventive, Basic, Major and Ortho Services

We will not pay for treatments subject to the late entrant limitation, and started or completed during the late entrant limitation period.

To become insured, you must meet the eligibility requirements set forth by your employer. Your coverage effective date will be determined by the Policy and may be delayed if you are not actively at work on the date your coverage would otherwise go into effect. Similarly, dependent coverage, if offered, may be delayed if your dependents are in the hospital (except for newborns) on the date coverage would otherwise become effective. Refer to your Certificate for details.

Limitations and exclusions

The below exclusions and limitations may vary by state law and regulations. This list may not be comprehensive. Please see your Certificate or ask your benefits administrator for details.

Dental

We will not pay a benefit for any Dental procedure, which is not listed as a covered dental expense. Any dental service incurred prior to the Effective date or after the termination date is not covered, unless specifically listed in the certificate. A member must be a covered dental member under the Plan to receive dental benefits. The Plan has frequency limitations on certain preventive and diagnostic services, restorations (fillings), periodontal services, endodontic services, and replacement of dentures, bridges and crowns. All services must be necessary and provided according to acceptable dental treatment standards. Treatment performed outside the United States is not covered, except for emergency dental treatment, subject to a maximum benefit. Dental procedures for Orthodontics; TMJ; replacing a tooth missing prior the effective date; implants and implant related services; or occlusal guards for bruxism are not covered unless coverage is elected or mandated by the state.

This Overview is preliminary to the issuance of the Policy. Refer to your Certificate for details. Receipt of this Overview does not constitute approval of coverage under the Policy. In the event of a discrepancy between this Overview, the Certificate and the Policy, the terms of the Policy will govern. Product offerings may not be available in all states and may vary depending on state laws and regulations.

This plan does not provide coverage for pediatric oral health services that satisfies the requirements for "minimum essential coverage" as defined by The Patient Protection and Affordable Care Act (PPACA).

Sun Life companies include Sun Life and Health Insurance Company (U.S.) and Sun Life Assurance Company of Canada (collectively, "Sun Life").

Group insurance policies are underwritten by Sun Life Assurance Company of Canada (Wellesley Hills, MA) in all states, except New York, under Policy Form Series 15-GP-01 and 16-DEN-C-01.
