- Working at least the minimum required number of hours of an Employee in Your eligible class at:

B400.0057

Enrollment Requirement: If You must pay all or part of the cost of Your coverage, We will not cover You until You enroll and agree to make the required payments.

B400.0059

All Options

Proof of Insurability: Part or all of Your insurance amounts may be subject to Proof of Insurability. The Schedule Of Benefits explains if and when We require proof. You will not be covered for any amount that requires such proof until You give the proof to Us and We approve that proof in writing.

B400.0060

All Options

B400.0061

All Options

Multiple Employment: If You work for both the Employer and a covered associated company, or for more than one covered associated company, We will treat You as if only one firm employs You. You will not have multiple Short Term Disability coverage under this Certificate. But, if this Certificate uses the amount of Your Insured Earnings to set the rates, determine class, figure coverage amounts, or for any other reason, such earnings will be figured as the sum of Your Insured Earnings from all covered Employers.

B400.0062

All Options

When Coverage Starts

For coverage to start, You must be fully capable of performing the major duties of Your Own Job for the Employer working the minimum required number of hours of an Employee in Your eligible class at 12:01 A.M. Standard Time for Your place of residence on Your scheduled Eligibility Date. And, for coverage to start, You must meet all of the Conditions of Eligibility described above and the conditions shown below which apply to You. If You are not fully capable of performing the major duties of Your Own Job on Your scheduled Eligibility Date, We will postpone the start of Your coverage while this Certificate is in force. We will postpone coverage until You are so capable and working the minimum required number of hours of an Employee in Your eligible class for one full day, with the capacity to do so for one full week.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on the date You sign Your enrollment form. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not start until You send Us Proof of Insurability. Once We have approved such proof, Your coverage is scheduled to start on Your approved Eligibility Date.

B400.0064

Exception to When Coverage Starts

Sometimes a scheduled Eligibility Date is not a regularly scheduled work day. If the scheduled Eligibility Date falls on:

- A holiday;
- A vacation day;
- A non-scheduled work day;
- A day during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or
- A day during a period of absence that is less than 7 days in duration;

and if:

- You were fully capable of performing the major duties of Your Own Job for the Employer for the minimum number of hours of an Employee in Your eligible class at 12:01 AM Standard Time for Your place of residence on the scheduled Eligibility Date; and
- You were performing the major duties of Your Own Job and working the minimum number of hours of an Employee in Your eligible class on Your last regularly scheduled work day.

Your coverage will start on the scheduled Eligibility Date. However, any coverage or part of coverage for which You must elect and pay all or part of the cost, will not start if You are on an approved leave and such coverage or part of coverage was not previously in force for You under a prior plan which this Certificate replaced.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such proof to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on Your approved Eligibility Date.

B400.0066

Delayed Effective Date For Short Term Disability Income Coverage:If, due to Sickness or Injury, You are not Actively At Work and working the minimum required number of hours of an Employee in Your eligible class, on Your scheduled Eligibility Date for Short Term Disability, We will postpone coverage for any condition(s) that prevent you from meeting the Active Work requirement. We will postpone such coverage until You complete one full day of Active Work working Your regular number of hours, with the capacity to do so for one full week, and without missing a work day due to the same condition(s). Coverage for an otherwise covered loss due to all other conditions will start on the date You return to Active Work working the minimum required number of hours of Your eligible class and performing the regular duties of Your job.

B400.0067

All Options

Transfer Business Exception: If You are not Actively at Work and not working the minimum required number of hours of an Employee in Your eligible class, due to Sickness or Injury, on Your Scheduled Eligibility Date, You will be insured for Short Term Disability insurance if:

- You were insured under the prior insurer's group Short Term Disability policy with this Employer at the time the prior insurer's group Short Term Disability policy ended and the group Short Term Disability Policy became effective with Us, with no break in group coverage;
- You were a member of an eligible class under the prior carrier's group Short Term Disability policy and are eligible under this Certificate;
- Premiums for You were paid up to date for the prior carrier's group Short Term Disability policy and this Certificate; and
- You are not receiving or eligible to receive benefits under the prior insurer's group Short Term Disability policy.

If you continue to be incapable of performing the major duties of Your Own Job for the Employer and subsequently become Disabled, any Disability benefit payable will be the lesser of:

- The Short Term Disability benefit payable under this Certificate; or
- The Short Term Disability benefit payable under the prior insurer's group Short Term Disability policy had it remained in force.

However, if the Pre-Existing Condition provision under the prior carrier's group Short Term disability policy would apply, and would have resulted in no benefits being payable to You or benefits being limited had the prior carrier's group Short Term Disability policy stayed in force, no Short Term Disability benefit will be payable or benefits may be limited.

When Coverage Ends

Your coverage will end on the first of the following dates:

- The date Your Active Full-Time Work ends for any reason, except as shown below under Continuation Of Coverage.
- The date You stop being an eligible Employee under this Certificate.
- The date You are no longer working in the United States and/or Canada, or no longer working outside of the United States for a United States based employer in a country or region approved by Us. Any incidental business or personal travel outside of the United States and/or Canada, or outside of a country or region approved by Us, is covered. Such travel will be considered incidental if it is for a period not to exceed 30 consecutive days.

- The date the group Certificate ends, or is discontinued for a class of Employees to which You belong.
- The last day of the period for which required payments are made for You.
- The date You die.

You may have the right to continue certain group benefits for a limited time after Your coverage would otherwise end. Read this Certificate carefully for details and discuss with your Employer or administrator. Any provisions that allow continuation of such group benefits must be offered and administered on a fair and equitable basis.

B400.0070

CONTINUATION OF COVERAGE

Coverage During Disability

You may be Disabled when Your Active Full-Time Work ends due to a non-job related Injury or Sickness for which benefits are not payable. In that case, Your coverage will remain in force during the:

- Elimination Period, subject to payment of required premiums; and
- The period of time for which benefits are payable by this Certificate.

But, in order for Your coverage to continue, the Disability:

- Must be covered by this Certificate;
- And benefits must not be excluded due to this Certificate's Pre-Existing Conditions provision, or any other exclusion.

If You're Disabled when Your Active Full-Time Work ends due to a job-related Injury or Sickness for which benefits are not payable, Your coverage will remain in force until the earlier of the date:

- You are terminated from employment with the Employer; or
- You have been Disabled for 6 Months.

B440.0065

SHORT TERM DISABILITY INCOME COVERAGE

This coverage replaces part of Your income if You become Disabled due to a covered Sickness or Injury. What We pay is governed by all the terms of this Policy. This Certificate includes the Short Term Disability Schedule of Benefits. Your class and benefit options are shown in the Schedule of Benefits that applies to You.

Terms with special meanings are defined, and are capitalized. See the Definitions section of this Certificate. Other terms with special meanings are defined where they are used.

B400.0127

All Options

Maximum Payment Period: The Maximum Payment Period is shown in the Schedule Of Benefits. But, it may be less than that shown due to:

- The date You were first treated for the cause of Your Disability; and
- The length of time You have been covered by this Certificate. See Pre-Existing Conditions.

Benefits payable during the Maximum Payment Period will not be affected by the termination of the Certificate, subject to all the terms and conditions of the Certificate that were in effect on the first date of Your Disability. Any change to the Certificate with an Effective Date after the first date of Your Disability will not apply to benefits payable during the Maximum Payment Period.

B400.0144

All Options

Recurring Disability: Benefits from this Certificate end if You cease to be Disabled. But, a later Disability may be treated as a Recurring Disability, if all of the conditions listed below are met:

- You must return to Active Work right after Your benefits end.
- The Disability must recur less than two weeks after You were last entitled to benefits.
- The later Disability must be due to the same or related cause of Your earlier Disability.
- This Certificate must not end during Your return to Active Work.
- You must not become covered under any other similar group income replacement plan during the time You return to Active Work.
- When You return to Active Work after being disabled, You must be covered by this Certificate and all required premium must be paid.
- A subsequent Disability will not be considered a Recurring Disability if Your benefits for the prior Disability ended because Your prior Disability had been paid for the Maximum Payment Period.

If the later Disability is a Recurring Disability, You will not need to satisfy a new Elimination Period. The Recurring Disability will be subject to all the terms of this Certificate in effect on the date the earlier Disability began.

If all of the conditions listed above are not met, the later Disability will be treated as a new period of Disability. You will be required to satisfy a new Elimination Period. The new period of Disability will be subject to all the terms of this Certificate in effect on the date the new period of Disability starts.

B400.0146

Calculation of Weekly Benefit: Your benefit is governed by the terms of this Certificate in effect on the date Disability starts. Any changes to this Certificate that take place as follows are inapplicable to, and will not affect, Your benefit:

- While You are Disabled; or
- During a period of Active Work that occurs between an initial period of Disability and a Recurring Disability.

We calculate Your Gross Weekly Benefit according to the Schedule of Benefits.

From Your Gross Weekly Benefit, subtract the amount of any income listed in Other Income Benefits that You receive or are entitled to receive. The result is Your Weekly Benefit.

B400.0148

All Options

Redetermination: This Certificate redetermines Your Insured Earnings on each January 1st, the Employer must report current Insured Earnings for all Employees under this Certificate. Changes to Your Insured Earnings are subject to any Proof of Insurability requirements that may apply to this Certificate. As of this Certificate's redetermination date, We use Your Insured Earnings on record with Us to:

- Set rates;
- Project benefit amounts and limits; and
- Calculate premium payable under this Certificate.

You must be Actively at Work on a Full-Time basis on that date. If You are not, We do not do this until the date You return to Active Work on a Full-Time basis. But, changes in earnings will not apply to a Recurring Disability.

B400.0157

All Options

Other Income Benefits: You may receive, or be entitled to receive, income shown in the list below. We will reduce Your Gross Weekly Benefit by such other income benefits to determine Your Weekly Benefit from this Certificate.

- Commissions or monies received, payable but not deferred, or paid after Disability benefits start.

This includes:

- Vested and nonvested renewal commissions;

- Bonuses;
- Royalties; and
- Other distributions.
- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:
 - Accelerated death benefit; or
 - Like provision that allows payment of such plan's proceeds due to terminal illness.
- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for Disability benefits from any other group plan, We will not deduct these other group Disability benefits.
- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis. This includes:
 - Donated;
 - Lump sum; and
 - Recurrent payments of accrued sick leave benefits.

But, if You are Working While Disabled, We will account for such income as described in Adjustment of Weekly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

This includes:

- (a) All Disability benefits for which: (i) You are entitled; and (ii) Your Spouse and children are entitled due to Your Disability;
- (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your Spouse and children are entitled and awarded due to Your entitlement; and
- (c) All reduced retirement benefits paid to: (i) You; and (ii) Your Spouse and children due to Your receipt of such benefits.

We do not reduce Your Gross Weekly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded to receive such income prior to the start of Disability. We will reduce the Gross Weekly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Weekly Benefit by Your dependent's benefits described in (a), (b) and (c) above if: (i) the dependent's benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent; and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Weekly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Weekly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Weekly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Weekly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan Disability benefits which the Employer funds.
- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
 - No-Fault Motor Vehicle Coverage;
 - Motor vehicle financial responsibility act; or
 - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

This includes:

- The Jones' Act;
- The Longshoreman's and Harbor Workers' Compensation Act; or

- Any Maritime doctrine of Maintenance, Wages or Cure.

If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.

- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.

We reduce Your Gross Weekly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

B400.0163

All Options

Other Income Not Subject to Deduction: We will not reduce Your Gross Weekly Benefit by any income You receive or are entitled to receive from the list below.

- Deferred compensation arrangements such as 401(k), 403(b) or 457 plans;
- Profit sharing plans;
- Thrift plans;
- Tax sheltered annuities;
- Stock ownership plans;
- Individual Retirement Accounts (IRA);
- Individual disability income policies;
- Credit disability insurance;
- Non qualified plans of deferred compensation;
- Pension plans for partners;
- Retirement plans of another Employer not affiliated with this Certificate;
- Military pension and disability plans;
- Critical Illness insurance, unless the benefit is paid out as a wage replacement benefit;
- Accident insurance, unless the benefit is paid out as a wage replacement benefit;
- Specified Disease insurance, unless the benefit is paid out as a wage replacement benefit;

- Cancer insurance, unless the benefit is paid out as a wage replacement benefit.

B400.0170

Lump Sum Payments Of Other Income: Income with which We integrate may be paid in a lump sum. In this case, We take the equivalent weekly rate stated in the award into account when We determine Your Weekly Benefit. If no weekly rate is given, We divide the lump sum payment by the number of calendar days in the period for which it was awarded. This will determine the daily rate. Then, multiply the daily rate by 7. The result is the prorated weekly rate.

Cost of Living Freeze: You may receive a cost of living increase in other income with which We integrate. In this case, We do not further reduce Your Weekly Benefit by the amount of such increase.

Application For Other Income: You must apply for other income benefits to which You may be entitled. If these benefits are denied, You must appeal until:

- All reasonable appeals have been made; or
- We notify You that no further appeals are required.

If We determine that You are entitled to receive such other income benefits, We will estimate the amount due to You and Your Spouse and children. We will take this estimated amount into account when We determine Your Weekly Benefit. But, We will not estimate the amount due to You if You and We agree in writing in an agreement provided to You by Us that You will:

- Apply for any benefits for which You may be eligible;
- Appeal any denial of such benefits until all reasonable appeals have been made; and
- Repay any amount We overpaid due to an award of such benefits.

If We do reduce Your Gross Weekly Benefit by an estimated amount, We will adjust Your Weekly Benefit when We receive written proof:

- Of the amount awarded; or
- That the other income benefits have been denied, and no further appeals are possible.

If We underpay You, We will pay the full amount of the underpayment in a lump sum.

We will assist You in applying for other income benefits.

Adjustment Of Weekly Benefit For Disability Earnings: We adjust the Weekly Benefit for Disability Earnings as follows:

We pay the greater of the amount calculated under Method 1 or Method 2.

Method 1:

- If your Disability Earnings are less than 20% of Your Insured Earnings, We do not reduce your Weekly Benefit.
- If your Disability Earnings are 20% or more of Your Insured Earnings, We reduce Your Weekly Benefit by 50% of Your Disability Earnings.

Method 2:

- (1) Subtract Your Disability Earnings from Your Insured Earnings.
- (2) Divide the result in (1) above by Your Insured Earnings.
- (3) Multiply the result in (2) above by Your Weekly Benefit. This is the amount We pay.

If Your Disability Earnings fluctuate widely from week to week, We may adjust Your Weekly Benefit using an average Disability Earnings amount. The average Disability Earnings amount will be computed using Your most current week's Disability Earnings and the prior two weeks Disability Earnings.

B400.0199

Maximum Allowable Disability Earnings: This Certificate limits the amount of income You may earn, or may be able to earn, and still be considered Disabled.

If Your Disability Earnings are more than 80% of Your Insured Earnings, payments from this Certificate will end. Payments from this Certificate will also end if You are able to earn more than 80% of Your Insured Earnings.

Minimum Payment: The minimum weekly payment for Disability under this Certificate is \$25.00.

Limitations And Exclusions

Pre-Existing Conditions: A pre-existing condition is an Injury or Sickness, whether diagnosed or misdiagnosed, and any symptoms of it, for which, in the "look back period", You:

- Receive advice or treatment from a Doctor;
- Underwent diagnostic procedures other than routine screening in the absence of symptoms or suspicion of disease process by a Doctor;
- Were prescribed or took prescription drugs; or
- Receive other medical care or treatment, including consultation with a Doctor.

The "look back period" is the 3 Months before the latest of:

- Your Eligibility Date for coverage under this Certificate;
- The Effective Date of a change that increases the benefits payable by this Certificate; and
- The Eligibility Date of a change in Your benefit election that increases the benefit payable by this Certificate.

For any Disability caused by, contributed to, by, or resulting from a Pre-Existing Condition, We limit the Maximum Payment Period to 2 weeks, unless the Disability starts after You complete at least one full day of Active Work after the date You have been covered under this Certificate for 12 Months in a row.

Your Disability caused by, contributed to, by, or resulting from a Pre- Existing Condition may begin after:

- A change which provides for an increase in the benefits payable by this Certificate; or
- A change in Your benefit election which increases the benefit payable by this Certificate.

In this case, Your benefit will be limited to the amount that would have been payable had the change not taken place. But, this limit does not apply if Your Disability starts after You complete at least one full day of Active Work after the date the change has been in force for 12 Months in a row.

We do not cover any Disability that starts before Your coverage under this Certificate.

B400.0206

All Options

Prior Coverage Credit: If this Certificate replaces a similar Disability income replacement plan the Employer had with another insurer, the Pre-Existing Condition provision may not apply to You, if coverage under this Certificate starts immediately after the termination of coverage under the prior Disability income replacement plan.

This Certificate must start right after the prior plan ends.

The Pre-Existing Condition provision will be waived for You if You:

- Are Actively Working on Your Eligibility Date for coverage under this Certificate; and
- Have fulfilled the requirements of any Pre-Existing Condition provision of the prior plan provided by the Employer.

You may have been covered under the prior plan when it ended, but have not met the requirements of any Pre-Existing Condition provision of the prior plan. In that case, We credit any time used to meet the prior plan's Pre-Existing Condition provision toward meeting this Certificate's Pre-Existing Condition provision. You must:

- Enroll for coverage under this Certificate on or before this Certificate's Effective Date; and
- Be Actively Working on Your Eligibility Date for coverage under this Certificate.

But, We limit Your maximum Weekly Benefit under this Certificate if:

- It is more than the maximum Weekly Benefit for which You were covered under the prior plan provided by the Employer;
- You become Disabled due to a Pre-Existing Condition; and
- This Certificate pays benefits for such Disability because We credit time as explained above.

In this case, We limit the maximum Weekly Benefit to the amount to which You would have been entitled under the prior plan.

We deduct all payments made by the prior plan under an extension provision.

This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full amount of all benefits paid by this Certificate.

Proof of Insurability Requirements Depending on the coverage sought, You may be required to supply proof that the person applying for coverage is insurable for the type and amount of coverage selected. This requirement is called Proof of Insurability. For purposes of this section, any person applying for coverage requiring Proof of Insurability is referred to as an "applicant."

To determine if the applicant is required to submit Proof of Insurability for the type and amount of coverage sought, please see below.

Any applicant required to submit Proof of Insurability must complete and submit to Us an acceptable Enrollment/Change form. We may also require the completion of additional forms so that we may determine whether the applicant is insurable, according to Our underwriting standards for the type and amount of insurance for which the applicant applied. To determine if the applicant is insurable, We may also need to obtain and review the applicant's:

- Health and medical history;
- Prescription history;
- Records relating to treatment;
- Diagnostic testing;
- Hospitalization and the like; and
- Records pertaining to the applicant's driving and motor vehicle history.

No coverage requiring Proof of Insurability will become effective unless and until it is approved by Us in writing. Our receipt of any premiums associated with coverage requiring Proof of Insurability does not waive or modify any requirement that must be satisfied for coverage to begin, including but not limited to the requirement that the applicant submit Proof of Insurability. In the event that any premiums are overpaid, Our only obligation is to return the amount of overpaid premiums.

The Employer, or its designee, must give Us complete and accurate information so that we may determine:

- Who is insured;

- The type and amount of coverage for which someone is insured; and
- Any other information required so that Guardian may meet its obligations under the Certificate.

We require Proof of Insurability as follows:

If You:

- Do not meet this Certificate's enrollment requirement within 30 days after You first become eligible; or
- Enroll after You previously had coverage which ended because You failed to make a required payment.

We will require Proof of Insurability. And, You will not be covered until We approve that proof in writing.

If Your active Full-Time work ends before You meet any Proof of Insurability requirements that apply, You will still have to meet those requirements if You are later re-employed by the Employer or an associated company within 30 days.

If You request to change Your plan election to a higher level of coverage, Proof of Insurability is required. You will not be covered for the higher level of coverage until We approve that proof in writing.

Any level of coverage that requires Proof of Insurability takes effect on the date We approve that proof in writing. But, You must be Actively At Work on a Full-Time basis on that date. If You are not, the new level of coverage will take effect on the date You return to Active Work on a Full-Time basis. In any case, the new level of coverage will not apply to a Recurring Disability.

Changes To Coverage

Changes In Coverage Amounts If You are not Actively At Work on a Full-Time basis, any change in Your amount of coverage will not become effective prior to the date You return to Active Work on a Full-Time basis.

Changes In Insurance Classification If Your classification changes, coverage will not be changed to the new amount until the first day on which You are: (1) Actively At Work on a Full-Time basis; and (2) make a contribution, if required, for the new classification.

If a contribution is required for the new classification for which a larger amount of coverage is provided, You must make the required contribution for the new amount within 31 days of the change. If You do not make the required contribution within 31 days of the change or within 31 days of becoming Actively At Work on a Full-Time basis, if You are not Actively At Work on a Full-Time basis, when Your classification changes, no increase will be allowed due to such change or any later change. In that case, in order to become covered for the larger amount, You must:

- Make the required contribution for the new amount; and
- Furnish Proof of Insurability to Us, which We approve in writing.

If the coverage amount was previously reduced because of age or retirement, it will be retained at the reduced amount.

CERTIFICATE AMENDATORY RIDER

This Rider is effective on the Policy Date. If this Rider is added after the Policy Date, the Rider becomes effective on its issue date.

This Rider amends the Certificate by the replacement of the following Benefit Provisions:

Other Income Benefits: You may receive, or be entitled to receive, income shown in the list below. We will reduce Your Gross Weekly Benefit by such other income benefits to determine Your Weekly Benefit from this Certificate.

- Commissions or monies received, payable but not deferred, or paid after Disability benefits start.

This includes:

- Vested and nonvested renewal commissions;
- Bonuses;
- Royalties; and
- Other distributions.
- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:
 - Accelerated death benefit; or
 - Like provision that allows payment of such plan's proceeds due to terminal illness.
- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for Disability benefits from any other group plan, We will not deduct these other group Disability benefits.
- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis.

This includes:

- Donated;
- Lump sum; and
- Recurrent payments of accrued sick leave benefits.

But, if You are Working While Disabled, We will account for such income as described in Adjustment of Weekly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

This includes:

- (a) All Disability benefits for which: (i) You are entitled; and (ii) Your Spouse and children are entitled due to Your Disability;
- (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your Spouse and children are entitled and awarded due to Your entitlement; and
- (c) All reduced retirement benefits paid to: (i) You; and (ii) Your Spouse and children due to Your receipt of such benefits.

We do not reduce Your Gross Weekly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded to receive such income prior to the start of Disability. We will reduce the Gross Weekly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Weekly Benefit by Your dependent's benefits described in (a), (b) and (c) above if: (i) the dependent's benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent; and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Weekly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Weekly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Weekly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Weekly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan Disability benefits which the Employer funds.

- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
 - No-Fault Motor Vehicle Coverage;
 - Motor vehicle financial responsibility act; or
 - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

This includes:

- The Jones' Act;
- The Longshoreman's and Harbor Workers' Compensation Act; or
- Any Maritime doctrine of Maintenance, Wages or Cure.

If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.

- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.
- Payments from a paid leave, or a similar plan that pays for an approved leave, but only to the extent that such income plus the amount of Your Gross Weekly Benefit is more than 100% of Your Insured Earnings.

We reduce Your Gross Weekly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

B440.0019

All Options

Other Income Not Subject to Deduction: We will not reduce Your Gross Weekly Benefit by any income You receive or are entitled to receive from the list below.

- Deferred compensation arrangements such as 401(k), 403(b) or 457 plans;
- Profit sharing plans;
- Thrift plans;

- Tax sheltered annuities;
- Stock ownership plans;
- Individual Retirement Accounts (IRA);
- Individual disability income policies;

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America
10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group Short Term and/or Long Term Disability Income benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

**Receive Information
about Your Plan and
Benefits**

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

**Prudent Actions by
Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

**Enforcement of
Your Rights**

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Disability Benefits Claims Procedure If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian).

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions "Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

Timing for Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

B997.0370

**Adverse Benefit
Determination**

If a claim is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you and vocational professionals who evaluated you;
- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;

- If applicable, an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on appeal, and;
- In the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

No statement in any application, except a fraudulent statement, made by You will be used to contest the validity of Your insurance or to deny a claim for a loss incurred, or for a disability which starts, after such insurance has been in force for two years during Your lifetime.

If this Certificate replaces a plan Your Employer had with another insurer, We may rescind this Certificate based on misrepresentations or omissions made by the Employer or You in a signed application for up to two years from the Effective Date of the Policy.

In the event Your insurance is rescinded, We will refund premiums paid for the periods such insurance is void. The premium paid by You will be sent to Your last known address on file with Your Employer or Us.

When Coverage Starts

For coverage to start, You must be fully capable of performing the major duties of Your Own Occupation for the Employer and working the minimum required number of hours of an Employee in Your eligible class at 12:01 A.M. Standard Time for Your place of residence on Your scheduled Eligibility Date. And, for coverage to start, You must meet all of the Conditions of Eligibility described above and the conditions shown below which apply to You. If You are not fully capable of performing the major duties of Your Own Occupation on Your scheduled Eligibility Date, We will postpone the start of Your coverage until You are so capable and working the minimum required number of hours of an Employee in Your eligible class for one full day, with the capacity to do so for one full week.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage starts. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not start until You send Us Proof of Insurability. Once We have approved such proof, Your coverage is scheduled to start on Your approved Eligibility Date.

B400.0359

Exception to When Coverage Starts

Sometimes a scheduled Eligibility Date is not a regularly scheduled work day. If the scheduled Eligibility Date falls on:

- A holiday;
- A vacation day;
- A non-scheduled work day;
- A day during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or
- A day during a period of absence that is less than 7 days in duration;

and if:

- You are fully capable of performing the major duties of Your Own Occupation for the Employer for the minimum number of hours of an Employee in Your eligible class at 12:01 AM Standard Time for Your place of residence on the scheduled Eligibility Date; and
- You were performing the major duties of Your Own Occupation and working the minimum number of hours of an Employee in Your eligible class on Your last regularly scheduled work day.

Your coverage will start on the scheduled Eligibility Date. However, any coverage or part of coverage for which You must elect and pay all or part of the cost, will not start if You are on an approved leave, layoff or absence and such coverage or part of coverage was not previously in force for You under a prior plan which this Certificate replaced.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such proof to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on Your approved Eligibility Date.

We will postpone such coverage until You complete one full day of Active Work, working the minimum required number of hours of an eligible class, with the capacity to do so for one full week without missing a work day due to the same condition(s). Coverage for an otherwise covered loss due to all other conditions will start on the date You return to Active Work working the minimum required number of hours of Your eligible class and performing the regular duties of Your Occupation.

- You were insured under the prior insurer's group Long Term Disability plan with this Employer at the time the prior insurer's group Long Term Disability policy ended and the group Long Term Disability Policy became effective with Us, with no break in group coverage;
- You were a member of an eligible class under the prior carrier's group Long Term Disability plan and are eligible under this Certificate;
- Premiums for You were paid up to date for the prior carrier's group policy and this Certificate;
- You are not receiving or eligible to receive benefits under the prior insurer's group Long Term Disability policy. If you continue to be incapable of performing the major duties of Your Own Occupation for the Employer and subsequently become Disabled, any disability benefit payable will be the lesser of:
 - The Long Term Disability benefit payable under this Certificate; or
 - The Long Term Disability benefit payable under the prior insurer's group disability policy had it remained in force.

However, if the Pre-Existing Condition provision under the prior carrier's group Long Term Disability policy would apply, and would have resulted in no benefits being payable to You had the prior carrier's group Long Term Disability policy stayed in force, no Long Term Disability benefit will be payable or benefits may be limited.

B400.0366

When Coverage Ends

Recurring Disability: Benefits from this Certificate end if You cease to be Disabled. But, a later Disability may be treated as a Recurring Disability, if all of the conditions listed below are met:

- You must return to Active Work right after Your benefits end.
- The Disability recurs less than six Months after You were last entitled to benefits.
- The later Disability must be due to the same or related cause of Your earlier Disability.

Calculation of Monthly Benefit: Your benefit is governed by the terms of this Certificate in effect on the date Disability starts. Any changes to this Certificate that take place as follows are inapplicable to, and will not affect, Your benefit:

- While You are Disabled; or
- During a period of Active Work that occurs between an initial period of Disability and a Recurring Disability.

We calculate Your Gross Monthly Benefit according to the Schedule of Benefits.

From Your Gross Monthly Benefit, subtract the amount of any income listed in Other Income Benefits that You receive or are entitled to receive. The result is Your Monthly Benefit.

B400.0455

Redetermination: This Certificate redetermines Your Insured Earnings on each January 1st , the Employer must report current Insured Earnings for all Employees under this Certificate. Changes to Your Insured Earnings are subject to any Proof of Insurability requirements that may apply to this Certificate. As of this Certificate's redetermination date, We use Your Insured Earnings on record with Us to:

- set rates;

- project benefit amounts and limits; and
- calculate premium payable under this Certificate.

You must be actively-at-work on a Full-Time basis on that date. If You are not, We do not do this until the date You return to Active Work on a Full-Time basis. But, changes in earnings will not apply to a Recurring Disability.

Other Income Benefits: You may receive, or be entitled to receive, income shown in the list below.

We will reduce Your Gross Monthly Benefit by such other income benefits to determine Your Monthly Benefit from this Certificate.

- Commissions or monies received, payable but deferred, or paid after Disability benefits start.

This includes:

- Vested and nonvested renewal commissions;
- Bonuses;
- Royalties; and
- Other distributions.
- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:
 - Accelerated death benefit; or
 - Like provision that allows payment of such plan's proceeds due to terminal illness.
- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for disability benefits from any other group plan, We will not deduct these other group disability benefits.
- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis. This includes:
 - Donated;
 - Lump sum; and

- Recurrent payments of accrued sick leave benefits.

But, if You are working while Disabled, We will account for such income as described in Adjustment of Monthly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

This includes:

- (a) All disability benefits for which: (i) You are entitled; and (ii) Your spouse and children are entitled due to Your Disability;
- (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your spouse and children are entitled and awarded due to Your entitlement; and
- (c) All reduced retirement benefits paid to: (i) You; and (ii) Your spouse and children due to Your receipt of such benefits.

We do not reduce Your Gross Monthly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded such income prior to the start of Disability. We will reduce the Gross Monthly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Monthly Benefit by Your dependents' benefits described in (a), (b) and (c) above if: (i) the dependents' benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent, and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Monthly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Monthly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Monthly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Monthly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan disability benefits which the Employer funds.

- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
 - No-Fault Motor Vehicle Coverage;
 - Motor vehicle financial responsibility act; or
 - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

This includes:

- The Jones' Act;
- The Longshoreman's and Harbor Workers' Compensation Act; or
- Any Maritime doctrine of Maintenance, Wages or Cure.

If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.

- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.

We reduce Your Gross Monthly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

Lump Sum Payments of Other Income: Income with which We integrate may be paid in a lump sum. In this case, We take the equivalent Monthly rate stated in the award into account when We determine Your Monthly Benefit.

If no Monthly rate is given, We pro-rate the lump sum over the lesser of:

- 60 months; or
- The expected remaining number of Months for which You would be entitled to benefits from this Certificate based on the proof of loss submitted to Us.

B400.0486

Cost of Living Freeze: You may receive a cost of living increase in other income with which We integrate. In this case, We do not further reduce Your Monthly Benefit by the amount of such increase.

B400.0487

All Options

Application For Other Income: You must apply for other income benefits to which You may be entitled. If these benefits are denied, You must appeal until:

- All reasonable appeals have been made; or

- We notify You that no further appeals are required.

If We determine that You are entitled to receive such other income benefits, We will estimate the amount due to You and Your spouse and children. We will take this estimated amount into account when We determine Your Monthly Benefit.

But, We will not estimate the amount due to You if You and We agree in writing in an agreement provided to You by Us that You will:

- Apply for any benefits for which You may be eligible;
- Appeal any denial of such benefits until all reasonable appeals have been made; and
- Repay any amount We overpaid due to an award of such benefits.

If We do reduce Your Gross Monthly Benefit by an estimated amount, We will adjust Your Monthly Benefit when We receive written proof:

- Of the amount awarded; or
- That the other income benefits have been denied; and no further appeals are possible.

If We underpay You, We will pay the full amount of the underpayment in a lump sum.

We will assist You in applying for other income benefits.

Adjustment of Monthly Benefit For Disability Earnings: We adjust the Monthly Benefit for Disability Earnings as follows:

For each of the first 12 Months after the date You first have Disability Earnings, add Your Gross Monthly Benefit and Your Disability Earnings.

- If the sum is not more than 100% of Your Indexed Insured Earnings, We do not reduce Your Monthly Benefit.
- If the sum is more than 100% of Your Indexed Insured Earnings, We reduce Your Monthly Benefit by the amount over 100% of Your Indexed Insured Earnings.

For each Month after that, We pay the greater of the amount calculated under Method 1 or Method 2.

Method 1:

- If Your Disability Earnings are less than 20% of Your Indexed Insured Earnings, We do not reduce Your Monthly Benefit.
- If Your Disability Earnings are 20% or more of Your Indexed Insured Earnings, We reduce Your Monthly Benefit by 50% of Your Disability Earnings.

Method 2:

(1) Subtract Your Disability Earnings from Your Indexed Insured Earnings.

- (2) Divide the result in (1) above by Your Indexed Insured Earnings.
- (3) Multiply the result in (2) above by Your Monthly Benefit. This is the amount We pay.

If Your Disability Earnings fluctuate widely from Month to Month, We may adjust Your Monthly Benefit using an average Disability Earnings amount. The average Disability Earnings amount will be computed using Your most current Month's Disability Earnings and the prior two Months Disability Earnings.

B400.0491

All Options

Maximum Allowable Disability Earnings: This Certificate limits the amount of income You may earn, or may be able to earn, and still be considered Disabled.

If Your Disability Earnings are more than the limit shown below, payments from this Certificate will end. Payments from this Certificate will also end if You are able to earn more than the limit shown below:

- During the Own Occupation period, the limit is 80% of Your Indexed Insured Earnings.
- After this Certificate has paid benefits for 24 Months in a row, the limit is 80% of Your Indexed Insured Earnings if You are Working While Disabled, or 60% of Your Indexed Insured Earnings if You are not Working While Disabled.

B400.0495

All Options

Indexing: We apply an indexing factor to Your Insured Earnings on the date You have received 12 Monthly payments in a row and each anniversary after that. This factor increases the amount of income You may earn and still be considered Disabled. This adjustment does not increase Your Gross Monthly Benefit, Monthly Benefit, or any other benefit under this Certificate.

To make the first adjustment, We multiply Your Insured Earnings by the indexing factor for that year. To make adjustments in each later year, We multiply the amount of Your last indexed Insured Earnings by the indexing factor.

The indexing factor is the lesser of:

- 10%; or
- One-half of the average CPI-W from the prior calendar year.

B400.0497

All Options

Minimum Payment: The minimum Monthly payment for Disability under this Certificate is the larger of: (1) 10% of Your Gross Monthly Benefit; or (b) \$100.00.

B400.0503

Limitations And Exclusions

Disabilities With A Limited Maximum Payment Period: We limit the Maximum Payment Period, if You are Disabled due to: a Mental Illness; drug or alcohol abuse. If You have a coexistent condition(s), which is not subject to the limits in this section, and constitutes a Disability in and of itself, We will not limit benefits as described below.

The Maximum Payment Period for all periods of Disability due to: a Mental Illness; drug or alcohol abuse; is 24 Months. This is a combined lifetime maximum for all such conditions and all periods of Disability.

No benefits will be paid for Disability due to a Mental Illness or drug or alcohol abuse if You are not receiving treatment for the cause of the Disability from a provider, or a facility that is:

- Licensed by the state to provide treatment for such condition; and
- Accredited or approved by the Joint Commission on the Accreditation of Health Care Facilities or Medicare.

If payments under this Certificate would otherwise end due to the limits in this section, We may extend such payments if You meet all of the following conditions:

- You must be Disabled due to a condition named above;
- You must be an inpatient in a qualified institution because of Your Disability; and
- You must have been treated as an inpatient for at least 14 days in a row.

In such case, We will extend payments, if You are Disabled and otherwise remain entitled to payments under the Certificate, until the earliest of:

- 90 days from the date of Your discharge, following the date benefits would otherwise have ended;
- The end of this Certificate's Maximum Payment Period; or
- The date Your Disability ends.

As used here, "qualified institution" means a legally operated hospital or other public or private facility licensed to provide inpatient medical care and treatment for the cause of Your Disability.

B400.0512

All Options

Pre-Existing Conditions: A Pre-Existing Condition is an Injury or Sickness, whether diagnosed or misdiagnosed, and any symptoms of it, for which, in the "look back period", You:

- Receive advice or treatment from a Doctor;

- Underwent diagnostic procedures other than routine screening in the absence of symptoms or suspicion of disease process by a Doctor;
- Were prescribed or took prescription drugs; or
- Received other medical care or treatment, including consulting with a Doctor.

The "look back period" is the three Months before the latest of:

- Your Eligibility Date for coverage under this Certificate;
- The Effective Date of a change that increases the benefits payable by this Certificate; or
- The Eligibility Date of a change in Your benefit election that increases the benefit payable by this Certificate.

No benefits are payable for Disability caused by, contributed to, by, or resulting from a Pre-Existing Condition; unless the Disability starts after You complete at least one full day of Active Work after the date You have been covered under this Certificate for 12 Months in a row.

Your Disability caused by, contributed to by or resulting from; a Pre- Existing Condition may begin after:

- A change which provides for an increase in the benefits payable by this Certificate; or
- A change in Your benefit election which increases the benefit payable by this Certificate.

In this case, Your benefit will be limited to the amount that would have been payable had the change not taken place. But, this limit does not apply if Your Disability starts after You complete at least one full day of Active Work after the date the change has been in force for 12 Months in a row.

We do not cover any Disability that starts before Your Eligibility Date for coverage under this Certificate.

B400.0518

All Options

Prior Coverage Credit: If this Certificate replaces a similar disability income replacement plan the Employer had with another insurer, the Pre-Existing Condition provision may not apply to You, if coverage under this Certificate starts immediately after the termination of coverage under the prior disability income replacement plan. This Certificate must start right after the prior plan ends.

The Pre-Existing Condition provision will be waived for You if You:

- Are Actively Working on the Your Eligibility Date for coverage under this Certificate; and
- Have fulfilled the requirements of any Pre-Existing Condition provision of the prior plan provided by the Employer.

You may have been covered under the prior plan when it ended, but have not met the requirements of any Pre-Existing Condition provision of the prior plan. In that case, We credit any time used to meet the prior plan's Pre-Existing Condition provision toward meeting this Certificate's Pre-Existing Conditions provision. You must:

- Enroll for coverage under this Certificate on or before this Certificate's Effective Date; and
- Be Actively Working on Your Eligibility Date for coverage under this Certificate.

But, We limit Your maximum Monthly Benefit under this Certificate if:

- It is more than the maximum Monthly Benefit for which You were covered under the prior plan provided by the Employer;
- You become Disabled due to a Pre-Existing Condition; and
- This Certificate pays benefits for such Disability because We credit time as explained above.

In this case, We limit the maximum Monthly Benefit to the amount to which You would have been entitled under the prior plan.

We deduct all payments made by the prior plan under an extension provision.

- Your commission of, or attempt to commit a felony. A felony means either:

- The intentional or voluntary inhalation or ingestion of gas, chemical, solvent, poison or other substances not intended for internal consumption, irrespective of any pre-existing or co-morbid condition;

- During which You are confined to a jail, prison or other facility as a result of Your conviction of a crime;
- During which You are receiving medical treatment or care outside the United States or Canada unless expressly authorized by Us;
- Which starts before You are covered by this Certificate;
- After the date You have been outside the United States and/or Canada and/or a country or region approved by Us for more than 2 Months in a 12 Month period. If You return to the United States and/or a country or region approved by Us within 6 Months of the end of payments, payments may be resumed, provided You have remained continuously Disabled, subject to all the terms and conditions of this Certificate; or
- During which Your loss of earnings is not solely due to Your Disability.

This Certificate does not pay benefits due solely to a risk of relapse or exacerbation of a prior injury or illness in the absence of a current impairment and Disability.

Social Security Assistance: If You are Disabled, We require You to apply for Social Security benefits. See Application for Other Income. If We believe You are eligible for such benefits, We may offer to assist You in applying for them. Receiving Social Security benefits will protect Your earnings record for retirement and enable You to qualify for Medicare coverage after 24 Months.

Services We can provide include:

- Help in completing Your application for such benefits, and any related forms;
- Assistance finding suitable legal counsel; and

When Our review is complete, We may offer You a Rehabilitation Program. We have the right to suspend or end Your Monthly Benefit if You do not accept it.

The dependent care expense benefit will be the lesser of:

You must notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Injury, Sickness or condition sustained by You. You and Your agents, must provide all information requested by Us or Our representative. This includes, but is not limited to, completing and submitting any applications or other forms or statements as We may reasonably request. You must do nothing:

- To prejudice Our rights as described in this section; or
- To prejudice Our ability to enforce the terms of this section.

This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full amount of all benefits paid by this Certificate.

We have the right to conduct an investigation regarding the Injury, Sickness or condition to identify any third party. We reserve the right to notify the third party and his or her agents of Our lien. Agents include, but are not limited to:

Changes In Coverage Amounts If You are not Actively At Work on a Full-Time basis, any change in Your amount of coverage will not become effective prior to the date You return to Active Work on a Full-Time basis.

Changes In Insurance Classification If Your classification changes, coverage will not be changed to the new amount until the first day on which You are: (1) Actively At Work on a Full-Time basis; and (2) make a contribution, if required, for the new classification.

If a contribution is required for the new classification for which a larger amount of coverage is provided, You must make the required contribution for the new amount within 31 days of the change. CERTIFICATE RIDER

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

Income Recovery Benefit Rider

This Rider may pay an Income Recovery Benefit, if Monthly Benefits cease because You are no longer Disabled.

To be eligible for the Income Recovery Benefit, You must be:

- Able to perform the major duties of Your Own Occupation or, if the Certificate has paid all benefits for the Own Occupation period, able to perform the major duties of any Gainful Occupation;
- Working in Your Own Occupation or, if the Certificate has paid all benefits for the Own Occupation period, Your Gainful Occupation, the same number of hours as You did prior to Disability;
- Unable to earn the Certificate's maximum allowable Disability Earnings, due to the Sickness or Injury which caused the prior Disability.

We pay this benefit Monthly, in arrears. We determine the amount We pay in two steps.

In step one, We compute the following: (1) Your Gross Monthly Benefit as of the last month You were Disabled under the terms of the Certificate; less (2) Other Income Benefits.

In step two, We make a current earnings adjustment.

We add:

- Your Gross Monthly Benefit as of the last month You were Disabled under the terms of the Certificate; and
- Your current Disability Earnings.

If such sum exceeds 100% of Your Insured Earnings, We pay the amount in step one less the excess over 100%. If such sum does not exceed 100%, We pay the amount in step one.

We stop paying this benefit on the earliest of:

- The date You are able to earn the Certificate's maximum allowable Disability Earnings;
- The date You become Disabled;
- The date You stop working;
- The date 12 months in a row after the first Income Recovery Benefit is paid; or

- The end of the Maximum Payment Period.

We will not pay more than 12 monthly Income Recovery Benefit payments following any one period of Disability, including any Recurring Disability.

This Rider is a part of the Certificate. Except as stated in this Rider, nothing contained in this Rider changes or affects any other terms of the Certificate.

CERTIFICATE RIDER

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

Survivor Benefit Rider

This Rider may pay a Survivor Benefit, according to the terms below.

What We Pay: We may pay a Survivor Benefit if You die after You:

- Had been Disabled for at least six months in a row; and
- Were entitled to receive at least one full Monthly Benefit prior to Your death.

When We receive proof of Your death, We pay Your Eligible Survivor a lump sum benefit.

But, We first apply such benefit to reduce any overpayment You may owe Us.

If You have no Eligible Survivor, no Survivor Benefit is paid.

Accelerated Survivor Benefit

If You have a terminal illness, We may accelerate payment of this Rider's Survivor Benefit.

For purposes of the accelerated Survivor Benefit, a terminal illness means a medical condition that is expected to result in Your death within 6 months.

To receive an accelerated Survivor Benefit, You must:

- Be entitled to receive a Monthly Benefit from the Certificate;
- Request this benefit in writing; and
- Provide written proof of terminal illness from a Doctor.

But, We will not pay an accelerated Survivor Benefit if there are less than 6 months remaining in the maximum benefit period.

If You choose to receive an accelerated Survivor Benefit, no Survivor Benefit is payable on Your death.

CERTIFICATE AMENDATORY RIDER

This Rider is effective on the Policy Date. If this Rider is added after the Policy Date, the Rider becomes effective on its issue date.

This Rider amends the Certificate by the replacement of the following Benefit Provisions:

Other Income Benefits: You may receive, or be entitled to receive, income shown in the list below.

We will reduce Your Gross Monthly Benefit by such other income benefits to determine Your Monthly Benefit from this Certificate.

- Commissions or monies received, payable but deferred, or paid after Disability benefits start.

This includes:

- Vested and nonvested renewal commissions;
- Bonuses;
- Royalties; and
- Other distributions.
- Disability benefits from any mandated benefit act or law. This includes all temporary disability or state disability benefits required by law.
- Disability benefits from all group policies or plans of the Employer. This includes payments made by a group life insurance plan due to Your Disability. This does not include payments made from a group life insurance plan's:
 - Accelerated death benefit; or
 - Like provision that allows payment of such plan's proceeds due to terminal illness.
- Disability benefits from any other group policy or plan; but, if the other group plan was in force prior to this Certificate, and the other group plan also deducts for disability benefits from any other group plan, We will not deduct these other group disability benefits.
- Income from sick leave, salary continuance or paid time off, exclusive of vacation time accrued prior to Disability, but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings. This applies whether such benefits are sponsored on a formal or informal basis. This includes:
 - Donated;
 - Lump sum; and
 - Recurrent payments of accrued sick leave benefits.

But, if You are working while Disabled, We will account for such income as described in Adjustment of Monthly Benefit for Disability Earnings.

- Income received from partnership distributions but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Indexed Insured Earnings.
- Benefits from: The United States Social Security Act; The Railroad Retirement Act; or any other like U.S. or Canadian plan or act.

This includes:

- (a) All disability benefits for which: (i) You are entitled; and (ii) Your spouse and children are entitled due to Your Disability;
- (b) All unreduced retirement benefits for which: (i) You are entitled and awarded; and (ii) Your spouse and children are entitled and awarded due to Your entitlement; and
- (c) All reduced retirement benefits paid to: (i) You; and (ii) Your spouse and children due to Your receipt of such benefits.

We do not reduce Your Gross Monthly Benefit by the retirement benefits described in (b) and (c) above, to the extent that You and Your dependents were entitled and awarded such income prior to the start of Disability. We will reduce the Gross Monthly Benefit by marginal increases in such income You and Your dependents were entitled and awarded after Disability begins.

We will reduce Your Gross Monthly Benefit by Your dependents' benefits described in (a), (b) and (c) above if: (i) the dependents' benefits are provided to You by the Social Security Administration; (ii) at the time that the Social Security Administration makes its first payment of the dependent benefits described in (a), (b), and (c) above, the dependent child remains a minor dependent or an adult Disabled dependent, and (iii) the dependent benefits You are entitled to are greater than any dependent benefit being received by another person. Under these circumstances, We will reduce Your Gross Monthly Benefit by the difference between the amount the dependent was awarded under the prior recipient and the amount awarded the dependent under Your benefits.

We do not reduce Your Gross Monthly Benefit by the benefits to which You are entitled, as described in (a), (b), and (c) above unless such benefits are greater than any widow/widower benefit You are receiving. And then We reduce Your Gross Monthly Benefit by the difference.

- Income of the type that is included in Your Insured Earnings for purposes of determining Your Gross Monthly Benefit under this Certificate.
- That portion of Retirement Plan retirement benefits which the Employer funds.
- That portion of Retirement Plan disability benefits which the Employer funds.

- Retirement benefits or Retirement Plan disability benefits, due to Your Disability, from any Government Plan other than those shown above.
- Disability benefits from any:
 - No-Fault Motor Vehicle Coverage;
 - Motor vehicle financial responsibility act; or
 - Like law.
- Payment or settlement, with or without admission of liability, from: A Workers' Compensation law; an occupational disease law; or any other act or law of like intent.

This includes:

- The Jones' Act;
- The Longshoreman's and Harbor Workers' Compensation Act; or
- Any Maritime doctrine of Maintenance, Wages or Cure.

If You receive a payment net of attorney fees approved by the Workers' Compensation Board or similar authority, We reduce Our benefit by the net payment.

- Disability benefits from any third party when Your Disability is the result of the negligence or intentional tort liability of that third party.
- Unemployment compensation benefits.
- Payment from Your Employer as part of a termination or severance agreement.
- Payments from a paid leave, or a similar plan that pays for an approved leave, but only to the extent that such income plus the amount of Your Gross Monthly Benefit is more than 100% of Your Insured Earnings.

We reduce Your Gross Monthly Benefit with income shown above that You are entitled to receive without regard to the reason You are entitled to receive it.

Our right to reduce Your benefit by such income shall not be negated by a transfer of claim liability to a third party. Payment by such third party by law, settlement, judgment, waiver or otherwise shall not negate Our right.

CERTIFICATE AMENDATORY RIDER

This Rider amends the Long Term Disability Certificate as follows and is effective on January 1, 2024.

This Rider amends the Certificate by replacing the Subrogation provision as shown below.

Subrogation: When this Certificate pays a benefit, We will immediately be subrogated to Your rights of recovery from any third party to the full extent of benefits paid. However, if less than the full value of the loss is recovered for comparative negligence, Our claim shall be diminished in the same proportion as Your interest is diminished. If a dispute regarding the distribution of the recovery of the claim arises, either party may file an action under Chapter 2721 of the Revised Code of Ohio to resolve the issue of the distribution of the recovery.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America
10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group Short Term and/or Long Term Disability Income benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

**Receive Information
about Your Plan and
Benefits**

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

**Prudent Actions by
Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

**Enforcement of
Your Rights**

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Disability Benefits Claims Procedure If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian).

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions "Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

Timing for Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

B997.0370

**Adverse Benefit
Determination**

If a claim is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you and vocational professionals who evaluated you;
- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;

- If applicable, an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on appeal, and;
- In the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

**Appeal of Adverse
Benefit
Determinations**

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

ELIGIBILITY FOR CRITICAL ILLNESS - EMPLOYEE COVERAGE

Eligible Employees

Subject to the conditions of eligibility set forth below, and to all of the other conditions of the Plan, You are eligible if You are in an eligible class of Employees and are an active Full-Time Employee.

If You are a partner or proprietor, We will treat You like an Employee if You meet the Plan's conditions of eligibility.

Conditions of Eligibility

You are eligible for Critical Illness coverage if You are;

- Legally working in the United States, or working outside of the United States for a United States based employer in a country or region approved by Us; and
- Regularly working at least the number of hours in the normal work week set by the Employer (but not less than 30 hours per week) at: (1) the Employer's place of business; (2) some place where the Employer's business requires You to travel; or (3) any other place You and the Employer have agreed upon for the performance of occupational duties.

You are **not** eligible for Critical Illness coverage if You are a temporary or seasonal Employee.

Enrollment Requirement: If You must pay all or part of the cost of Your coverage, We will not cover You until You enroll and agree to make the required payments.

Proof of Insurability: If You: (1) do not meet this Plan's enrollment requirement within 31 days after You first become eligible; or (2) enroll after You previously had coverage which ended because You failed to make a required payment, We will ask for Proof of Insurability. And, You will not be covered until We approve that Proof of Insurability in writing.

Part or all of Your insurance amounts may be subject to Proof of Insurability. The Schedule of Benefits explains if and when We require Proof of Insurability. You will not be covered for any amount that requires such Proof of Insurability until You give the Proof of Insurability to Us and We approve that Proof of Insurability in writing.

If Your active Full-Time service ends before You meet any Proof of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

B005.0043

All Options

The Waiting Period If You are in an eligible class, You are eligible for Critical Illness coverage under this Plan after You complete the service waiting period, if any, established by the Employer.

B005.0045

All Options

Multiple Employment If You work for both the Employer and a covered associated company, or for more than one covered associated company, We will treat You as if only one firm employs You. You will not have multiple Critical Illness coverages under this plan. But, if this Plan uses the amount of Your earnings to set the rates, determine class, figure coverage amounts, or for any other reason, such earnings will be figured as the sum of Your earnings from all covered Employers.

B005.0046

All Options

When Employee Coverage Starts

Your eligibility date is the date You have met all of the conditions of eligibility.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability. Once We have approved such Proof of Insurability, Your coverage is scheduled to start on the effective date shown in the endorsement section of Your evidence of insurability form.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such Proof of Insurability to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on the effective date shown in the endorsement section of Your evidence of insurability form. If Your active service ends before You meet any Proof of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

On the date all or part of Your coverage is scheduled to start, You must be: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. In that case, Your coverage will start at 12:01 A.M. Standard Time for Your place of residence on that date. In any other case, We will postpone the start of Your coverage until the date You: (a) return to Active Work; (b) are working Your regular number of hours; and (c) are fully capable of performing the major duties of Your regular occupation. Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 180 days in duration; during an approved leave of absence not due to sickness or injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the Employer on a full-time basis at 12:01 AM Standard Time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

Delayed Effective Date For Voluntary Critical Illness Coverage: If You are not Actively At Work on the date Your Voluntary Critical Illness coverage is scheduled to start due to Sickness or Injury, We will postpone coverage for an otherwise covered loss due to that Sickness or Injury. We will postpone such coverage until You complete ten days in a row without missing a work day due to that Sickness or Injury in which You are: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. Coverage for an otherwise covered loss due to all other conditions will start on the date You are: (a) Actively At Work; (b) fully capable of performing the major duties of Your regular occupation; and (c) working Your regular number of hours.

Exception to When Employee Coverage Starts: If You are not capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis on the date Your coverage is scheduled to start, You will be insured for Critical Illness insurance if:

1. You were insured under the prior insurer's group critical illness policy at the time of the transfer;
2. You are a member of an eligible class; and
3. premiums for You were paid up to date; and
4. You are not receiving or eligible to receive benefits under the prior insurer's group critical illness policy.

Any Critical Illness benefit payable will be the lesser of:

1. the Critical Illness benefit payable under the Group Policy; or
2. the critical illness benefit payable under the prior insurer's group critical illness policy had it remained in force.

The Critical Illness benefit payable will be reduced by any amount paid by the prior insurer's group critical illness policy.

All other provisions under this Policy will apply under the Exception to When Employee Coverage Starts.

You will remain insured under this provision until the first to occur of:

1. the date You are fully capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis;
2. the date insurance terminates for one of the reasons stated in When Employee Coverage Ends;
3. the last day of a period of 12 consecutive months which begins on the Policy effective date; or
4. the last day You would have been covered under the prior insurer's group critical illness policy, had the prior plan not terminated.

B005.0078

All Options

When Employee Coverage Ends

Your coverage will end on the first of the following dates:

- The date in which Your active service ends for any reason. Your active service ends when You are no longer: (1) Actively At Work; and (2) working Your regular number of hours.
- The date You stop being an eligible Employee under this Plan.
- The date You are no longer working in the United States or working outside of the United States for a United States based Employer in a country or region approved by Us.

Your Right to Continue Critical Illness Coverage During a Family Leave of Absence

Important Notice: This section may not apply to Your Employer's Plan. You must contact Your Employer to find out if he or she must allow for a family leave of absence under federal law. If he or she must allow for such leave, this section applies.

If Your Coverage Would End: Your Critical Illness coverage would normally end because You cease work due to an approved leave of absence. But, You may continue Your coverage if the leave has been granted: (1) to allow You to care for a seriously injured or ill spouse, child or parent; (2) after the birth or adoption of a child; (3) due to Your own serious health condition; or (4) because of a serious Injury or illness arising out of the fact that Your spouse, child, parent or next of kin who is a covered service member is on active duty, or has been notified of an impending call or order to active duty, in the Armed Forces in support of a contingency operation. To continue Your coverage, You will be required to pay the same share of the premium as You paid before the leave of absence.

When Continuation Ends: Continued coverage will end on the earliest of the following:

- The date You return to Active Work.
- In the case of a leave granted to You to care for a covered service member, the end of a total leave period of 26 weeks in one 12 month period. This 26 weeks total leave period applies to all leaves granted to You under this section for all reasons. If You take an additional leave of absence in a subsequent 12 month period, continued coverage will cease at the end of a total leave period of 12 weeks.
- In any other case, the end of a total leave period of 12 weeks in any 12 month period.
- The date on which Your Employer's Plan is terminated or You are no longer eligible for coverage under this Plan.
- The end of the period for which premium has been paid.

Definitions: As used in this section, the terms listed below have the meanings shown below:

- **Active Duty:** This term means duty under a call or order to active duty in the Armed Forces of the United States.
- **Contingency Operation:** This term means a military operation that: (1) is designated by the Secretary of Defense as an operation in which members of the Armed Forces are or may become involved in military actions, operations or hostilities against an enemy of the United States or against an opposing military force; or (2) results in the call or order to, or retention on, active duty of members of the uniformed services under any provision of law or during a national emergency declared by the President or Congress.
- **Covered Service Member:** This term means a member of the Armed Forces, including a member of the National Guard or Reserves, who for a Serious Injury or Illness is: (1) undergoing medical treatment, recuperation or therapy; (2) otherwise in Outpatient Status; or (3) otherwise on the temporary disability retired list.

B005.0064

All Options

**Eligible Dependents
for Voluntary
Dependent Critical
Illness** Your eligible dependents are Your spouse and unmarried dependent children
from birth until they reach age 26.

B005.0080

All Options

Adopted Children and Step-Children

Your "unmarried dependent children" include Your legally adopted children, and Your step-children. But, Your step-children must depend on You for most of their support and maintenance. We treat a child as legally adopted from the time the child is placed in Your home for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued.

B005.0065

All Options

Dependents Not Eligible

We exclude any dependent who is on active duty in any armed force. And, We exclude any dependent who is covered by this Plan as an Employee.

A child may be an eligible dependent of more than one Employee who is insured under this Plan. In that case, the child may be insured for dependent Critical Illness benefits by only one Employee at a time.

B005.0066

Handicapped Children

You may have an unmarried child who is: (a) incapable of self-sustaining employment by reason of a mental or physical handicap or developmental disability; and (b) chiefly dependent upon You for support and maintenance. In that case such a child may remain eligible for dependent benefits past the age limit subject to the conditions shown below.

- His or her condition started before he or she reached the age limit.
- He or she became covered for dependent Critical Illness benefits before he or she reached the age limit, and remained continuously covered until he or she reached the age limit.
- He or she stays unmarried and remains: (i) incapable of self-sustaining employment; and (ii) dependent upon You for most of his or her support and maintenance.
- You send Us written proof, and We approve such proof, of the child's disability and dependence within 31 days from the date he or she reaches the age limit. After the two year period following the child's attainment of the age limit, We can ask for periodic proof that the child's condition continues, but We cannot ask for this proof more than once a year.

The child's coverage ends when Your coverage ends.

B005.0067

Proof of Insurability

We require Proof of Insurability that a dependent is insurable if You: (1) enroll a dependent who was previously declined or would have been considered a late enrollee under a group critical illness coverage plan providing dependent coverage which this Plan replaced; (2) enroll a dependent and agree to make the required payments after the end of the Enrollment Period.

A dependent is not covered by any part of this Plan that requires such Proof of Insurability until You give Us this Proof of Insurability and We approve it in writing.

If Your dependent coverage ends for any reason, including failure to make the required payments, Your dependent will not be covered by this Plan again until You give Us new Proof of Insurability that they are insurable and We approve that Proof of Insurability in writing.

B005.0069

All Options

When Dependent Coverage Starts

In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception below and to all of the other terms of this Plan, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments. If You do this on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your eligibility date and the date you become covered for Employee coverage.

If You do this within the Enrollment Period, the coverage is scheduled to start on the date You become covered for Employee coverage.

If You do this after the Enrollment Period ends, Your dependent coverage is subject to Proof of Insurability and will not start until We approve that Proof of Insurability in writing.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible.

If Proof of Insurability is required for dependent benefits as explained above, those benefits will not be scheduled to start until You give Us Proof of Insurability that the dependent is insurable. Once We have approved that Proof of Insurability, those benefits will be scheduled to start on the effective date shown in the endorsement section of Your application.

B005.0070

All Options

Exception We will postpone the effective date of a dependent's, other than a newborn child's, coverage if, on that date, he or she is: (1) confined to a hospital or other health care facility; (2) home confined; or (3) unable to perform two or more Activities of Daily Living. In that case, We will postpone the effective date of his or her coverage until the day after the date: (a) of his or her discharge from such facility; (b) his or her home confinement ends; or (c) he or she is no longer requires assistance with two or more Activities of Daily Living. If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan.

B005.0071

When Dependent Coverage Ends

Dependent coverage ends for all of Your dependents when Your Employee coverage ends. Dependent coverage also ends for all of Your dependents when You stop being a member of a class of Employees eligible for such coverage. And, it ends when this Plan ends, or when dependent coverage is dropped from this Plan for all Employees or for Your class.

If You are required to pay all or part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

Your dependent's coverage ends when he or she stops being an eligible dependent. This happens to a child at 12:01 A.M. on the date the child attains this Plan's age limit, when he or she marries, or when a step-child is no longer dependent on You for support and maintenance. It happens to a spouse: (1) when a marriage ends in legal divorce or annulment; and (2) at 12:01 A.M. on the date the spouse reaches the limiting age, if applicable.

Changes in Coverage Amounts If You are not Actively At Work on a Full-Time basis, any change in Your amount of coverage or the amount of coverage on a covered dependent will not become effective prior to the date You return to Active Work on a Full-Time basis.

Changes in Insurance Classification If Your classification changes, coverage will not be changed to the new amount until the first day on which You are: (1) Actively At Work on a Full-Time basis; and (2) make a contribution, if required, for the new classification.

If a contribution is required for the new classification for which a larger amount of coverage is provided, You must make the required contribution for the new amount within 31 days of the change. If You do not make the required contribution within 31 days of the change or within 31 days of becoming Actively At Work on a Full-Time basis, if You are not Actively At Work on a Full-Time basis, when Your classification changes, no increase will be allowed due to such change or any later change. In that case, in order to become covered for the larger amount, You must: (1) make the required contribution for the new amount; and (2) furnish Proof of Insurability to Us, which We approve in writing.

If the coverage amount was previously reduced because of age or retirement, it will be retained at the reduced amount.

CERTIFICATE AMENDMENT - ELIGIBILITY FOR CRITICAL ILLNESS COVERAGE

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends this Plan by replacing the following sections:

Conditions of Eligibility

Proof of Insurability: Part or all of Your insurance amounts may be subject to Proof of Insurability. The Schedule of Benefits explains if and when We require Proof of Insurability. You will not be covered for any amount that requires such Proof of Insurability until You give the Proof of Insurability to Us and We approve that Proof of Insurability in writing.

If You elect to enroll within 31 days after Your Eligibility Date, coverage is scheduled to start on Your Eligibility Date.

If You do not elect this coverage within 31 days of Your Eligibility Date, You must answer health questions, or wait until the next scheduled group enrollment period. Once each year, during the group enrollment period, You may elect to enroll in this coverage as offered by the Employer. As used here, "group enrollment period" means an annual open enrollment period set by the Employer and agreed to by Us. If You elect to enroll outside of the group open enrollment period, You must provide Proof of Insurability by answering health questions, or wait until the next group enrollment period.

If Proof of Insurability is required, You will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your effective date of coverage.

When Employee Coverage Starts

Your eligibility date is the date You have met all of the conditions of eligibility.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability or until You enroll during the next group enrollment period. If Proof of Insurability is required, You will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your effective date of coverage.

If Your active service ends before You meet any Proof of Insurability requirements that apply, You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

On the date all or part of Your coverage is scheduled to start, You must be: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. In that case, Your coverage will start at 12:01 A.M. Standard Time for Your place of residence on that date. In any other case, We will postpone the start of Your coverage until the date You: (a) return to Active Work; (b) are working Your regular number of hours; and (c) are fully capable of performing the major duties of Your regular occupation. Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 180 days in duration; during an approved leave of absence not due to sickness or injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the Employer on a full-time basis at 12:01 AM Standard Time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

Delayed Effective Date For Voluntary Critical Illness Coverage: If You are not Actively At Work on the date Your Voluntary Critical Illness coverage is scheduled to start due to Sickness or Injury, We will postpone coverage for an otherwise covered loss due to that Sickness or Injury. We will postpone such coverage until You complete ten days in a row without missing a work day due to that Sickness or Injury in which You are: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. Coverage for an otherwise covered loss due to all other conditions will start on the date You are: (a) Actively At Work; (b) fully capable of performing the major duties of Your regular occupation; and (c) working Your regular number of hours.

Exception to When Employee Coverage Starts: If You are not capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis on the date Your coverage is scheduled to start, You will be insured for Critical Illness insurance if:

1. You were insured under the prior insurer's group critical illness policy at the time of the transfer;
2. You are a member of an eligible class; and
3. premiums for You were paid up to date; and
4. You are not receiving or eligible to receive benefits under the prior insurer's group critical illness policy.

Any Critical Illness benefit payable will be the lesser of:

1. the Critical Illness benefit payable under the Group Policy; or
2. the critical illness benefit payable under the prior insurer's group critical illness policy had it remained in force.

The Critical Illness benefit payable will be reduced by any amount paid by the prior insurer's group critical illness policy.

All other provisions under this Policy will apply under the Exception to When Employee Coverage Starts.

You will remain insured under this provision until the first to occur of:

1. the date You are fully capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis;
2. the date insurance terminates for one of the reasons stated in When Employee Coverage Ends;
3. the last day of a period of 12 consecutive months which begins on the Policy effective date; or
4. the last day You would have been covered under the prior insurer's group critical illness policy, had the prior plan not terminated.

DEPENDENT COVERAGE

Proof of Insurability

Part or all of Your Initial Dependents insurance amounts may be subject to Proof of Insurability. The Schedule of Benefits explains if and when We require Proof of Insurability. Your Initial Dependents will not be covered for any amount that requires such Proof of Insurability until You give the Proof of Insurability to Us and We approve that Proof of Insurability in writing.

If You elect to enroll Your Initial Dependents within 31 days after Your Eligibility Date, coverage is scheduled to start on Your Eligibility Date.

If You do not elect Initial Dependent coverage within 31 days of Your Eligibility Date, Your Initial Dependents must answer health questions, or wait until the next scheduled group enrollment period to enroll. Once each year, during the group enrollment period, You may elect to enroll Initial Dependents in this coverage as offered by the Employer. As used here, "group enrollment period" means an annual open enrollment period set by the Employer and agreed to by Us. If You elect to enroll Your Initial Dependents outside of the group open enrollment period, You must provide Proof of Insurability by answering health questions, or wait until the next group enrollment period.

If Proof of Insurability is required, Your Initial Dependents will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your Initial Dependent's effective date of coverage.

In the case of a Newly Acquired Dependent, other than the first newborn child, You may elect to enroll a Newly Acquired Dependent within 31 days. If You do not elect to enroll a Newly Acquired Dependent within 31 days of his or her Eligibility Date, Your Newly Acquired Dependent(s) may have to answer health questions, or wait until the next scheduled group enrollment period to enroll.

If Your dependent coverage ends for any reason, including failure to make the required payments, Your dependent will not be covered by this Plan again until You give Us new Proof of Insurability that they are insurable and We approve that Proof of Insurability in writing, or wait until the next group enrollment period.

When Dependent Coverage Starts

In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

If You enroll Your dependents on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of the 1st day of the month which coincides with or next follows Your Eligibility Date and the date You become covered for Employee coverage.

If You do this within the group enrollment period, the coverage is scheduled to start on the later of the 1st day of the month which coincides with or next follows the date You sign the enrollment form and the date You become covered for Employee coverage.

If You do this after the group enrollment period ends, Your dependent coverage may be subject to Proof of Insurability and will not start until We approve that Proof of Insurability in writing.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability or until You enroll during the next group enrollment period. If Proof of Insurability is required, You will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your effective date of coverage.

If Proof of Insurability is required for dependent benefits as explained above, those benefits will not be scheduled to start until You give Us Proof of Insurability that the dependent is insurable. Once We have approved that Proof of Insurability, those benefits will be scheduled to start on the effective date shown in the endorsement section of Your application.

Exception: We will postpone the effective date of a dependent's, other than a newborn child's, coverage if, on that date, he or she is: (1) confined to a hospital or other health care facility; (2) home confined; or (3) unable to perform two or more Activities of Daily Living. In that case, We will postpone the effective date of his or her coverage until the day after the date: (a) of his or her discharge from such facility; (b) his or her home confinement ends; or (c) he or she is no longer requires assistance with two or more Activities of Daily Living. If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan.

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Statement of Erisa Rights (Cont.)

Enforcement Of Your Rights If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

"Group Health Benefits" means any accident, cancer, critical illness, specified disease or hospital indemnity coverages which are a part of this plan.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;

Group Health Benefits Claims Procedure (Cont.)

- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Group Health Benefits Claims Procedure (Cont.)

Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America

10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group accident insurance benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

- (a) Examine, without charge, at the plan administrators office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. If it should happen that plan fiduciaries misuse the plans money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

B442.0581

Accident Insurance Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a request for claim. Instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian.)

Guardian is the Claims Fiduciary with the authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has the authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your Certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions

"Adverse determination" means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a participants or beneficiary's eligibility to participate in a plan.

Timing for Initial Benefit Determination of Accident Insurance Claims

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 90 days from the date of receipt of a claim. This period may be extended by up to 90 days if Guardian determines that an extension is necessary due to special circumstances, and so notifies the claimant before the end of the initial 90-day period. Such notification will include the reason for the special circumstances requiring the extension and a date by which the determination is expected to be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

Adverse Benefit Determination of Accident Insurance Claims

If a claim is denied, Guardian will provide notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures; and
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on review.

B442.0582

Appeals of Adverse Determinations of Accident Insurance Claims

If a claim is wholly or partially denied, you will have up to 60 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 60 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 60-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made. In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of all documents, records, and other information relevant to the claimants claim for benefits.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

When Employee Coverage Starts

Your Eligibility Date is the date You have met all of the conditions of eligibility.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do not elect this coverage within 31 days of Your Eligibility Date, You must wait until the next scheduled group enrollment period. Once each year, during the group enrollment period You may elect to enroll in this coverage as offered by Your Employer. As used here, "group enrollment period" means an annual open enrollment period set by Your Employer and agreed to by Us. During this period, You can choose the Hospital Indemnity coverage Your Employer offers. An open enrollment period is usually held once a year and usually lasts for 30 days.

On the date all or part of Your coverage is scheduled to start, You must be: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. In that case, Your coverage will start at 12:01 A.M. Standard Time for Your place of residence on that date. In any other case, We will postpone the start of Your coverage until the date You: (a) return to Active Work; (b) are working Your regular number of hours; and (c) are fully capable of performing the major duties of Your regular occupation. Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 180 days in duration; during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the Employer on a Full-Time basis at 12:01 AM standard time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

Exception to When Employee Coverage Starts: If You are not capable of performing the major duties of Your regular occupation for Your Employer on a Full-Time basis on the date Your coverage is scheduled to start, You will be insured for Hospital Indemnity insurance if:

1. You were insured under the prior insurer's group or individual Hospital Indemnity policy at the time of the transfer;
2. You are a member of an eligible class;
3. premiums for You were paid up to date; and
4. You are not receiving or eligible to receive benefits under the prior insurer's group or individual Hospital Indemnity policy.

Any Hospital Indemnity benefit payable will be the lesser of:

1. the Hospital Indemnity benefit payable under the Group Policy; or
2. the Hospital Indemnity benefit payable under the prior insurer's group Hospital Indemnity or individual policy had it remained in force.

- The date You are no longer working in the United States or working outside of the United States for a United States based Employer in a country or region approved by Us.

Your Right to Continue Hospital Indemnity Coverage During a Family Leave of Absence

Important Notice: This section may not apply to Your Employer's Plan. You must contact Your Employer to find out if he or she must allow for a family leave of absence under federal law. If he or she must allow for such leave, this section applies.

If Your Coverage Would End: Your Hospital Indemnity coverage would normally end because You cease work due to an approved leave of absence. But, You may continue Your coverage if the leave has been granted to: (1) allow You to care for a seriously injured or ill Spouse, child or parent; (2) after the birth or adoption of a child; (3) due to Your own serious health condition; or (4) because of a Serious Injury or Illness arising out of the fact that Your Spouse, child, parent or Next of Kin who is a Covered Service Member is on Active Duty, or has been notified of an impending call or order to Active Duty, in the Armed Forces in support of a Contingency Operation. To continue Your coverage, You will be required to pay the same share of the premium as You paid before the leave of absence.

When Continuation Ends: Continued coverage will end on the earliest of the following:

- The date You return to Active Work.
- In the case of a leave granted to You to care for a Covered Service Member, the end of a total leave period of 26 weeks in one 12 month period. This 26 week total leave period applies to all leaves granted to You under this section for all reasons. If You take an additional leave of absence in a subsequent 12 month period, continued coverage will cease at the end of a total leave period of 12 weeks.
- In any other case, the end of a total leave period of 12 weeks in any 12 month period.
- The date on which Your Employer's Plan is terminated or You are no longer eligible for coverage under this Plan.
- The end of the period for which premium has been paid.

Definitions: As used in this section, the terms listed below have the meanings shown below:

- **Active Duty:** This term means duty under a call or order to Active Duty in the Armed Forces of the United States.
- **Contingency Operation:** This term means a military operation that: (1) is designated by the Secretary of Defense as an operation in which members of the Armed Forces are or may become involved in military actions, operations or hostilities against an enemy of the United States or against an opposing military force; or (2) results in the call or order to, or retention on, Active Duty of members of the uniformed services under any provision of law or during a national emergency declared by the President or Congress.
- **Covered Service Member:** This term means a member of the Armed Forces, including a member of the National Guard or Reserves, who for a Serious Injury or Illness is: (1) undergoing medical treatment, recuperation or therapy; (2) otherwise in Outpatient Status; or (3) otherwise on the temporary disability retired list.
- **Next Of Kin:** This term means Your nearest blood relative.

- **Outpatient Status:** This term means, in the case of a Covered Service Member, that he or she is assigned to: (1) a military medical treatment facility as an outpatient; or (2) a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.
- **Serious Injury Or Illness:** This term means, in the case of a Covered Service Member, an Injury or illness incurred by him or her in line of duty on Active Duty in the Armed Forces that may render him or her medically unfit to perform the duties of his or her: (1) office; (2) grade; (3) rank; or (4) rating.

ELIGIBILITY FOR HOSPITAL INDEMNITY COVERAGE - DEPENDENT

Eligible Dependents

Your eligible dependents are Your Spouse and Your unmarried dependent child(ren) from birth, until the age of 26.

B005.0597

All Options

Adopted Children and Step-Children

Your unmarried dependent children include Your legally adopted children and Your step-children. But, Your step-children must depend on You for most of their support and maintenance. We treat a child as legally adopted from the time the child is placed in Your home for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued.

B005.0598

All Options

Handicapped Children

You may have an unmarried child (a) with a mental or physical handicap or developmental disability and (b) chiefly dependent upon You for support and maintenance. In that case such a child may remain eligible for dependent benefits past the age limit subject to the conditions shown below.

- His or her condition started before he or she reached the age limit.
- He or she became covered for dependent Hospital Indemnity benefits before he or she reached the age limit, and remained continuously covered until he or she reached the age limit.
- He or she is unmarried and remains: (i) incapable of self-sustaining employment; and (ii) dependent upon You for most of his or her support and maintenance.
- You send Us written proof, and We approve such proof, of the child's disability and dependence within 31 days from the date he or she reaches the age limit. After the two year period following the child's attainment of the age limit, We can ask for periodic proof that the child's condition continues, but We cannot ask for this proof more than once a year.

The child's coverage ends when Your coverage ends.

B005.0599

Dependents Not Eligible

We exclude:

- A dependent who is on Active Duty in any armed force;
- A dependent who is covered by this Plan as an Employee.

A child may be an eligible dependent of more than one Employee who is insured under this Plan. In that case, the child may be insured for dependent Hospital Indemnity benefits by only one Employee at a time.

B005.0601

When Dependent Coverage Starts

In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception below and to all of the other terms of this Plan, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments.

If You do this on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You do this within 31 days of Your Eligibility Date, the coverage is scheduled to start on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You do not elect dependent coverage within 31 days of Your Eligibility Date, You must wait until the next scheduled group enrollment period to add dependent coverage. Once each year, during the group enrollment period You may elect to enroll dependents in this coverage as offered by Your Employer. As used here, "group enrollment period" means an annual open enrollment period set by Your Employer and agreed to by Us. During this period, You can choose the dependent Hospital Indemnity coverage Your Employer offers. An open enrollment period is usually held once a year and usually lasts for 30 days.

You may enroll Your dependents outside of the group enrollment period only as follows:

- You may enroll a new Spouse within 31 days of marriage;
- You may enroll for dependent child coverage within 31 days of the birth or adoption of Your first eligible child.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible.

Exception: We will postpone the effective date of a dependent's, other than a newborn child's, coverage if, on that date, he or she is: (1) Confined to a Hospital or other health care facility or (2) home confined. In that case, We will postpone the effective date of his or her coverage until the day after the date: (a) of his or her discharge from such facility or (b) his or her home confinement ends. If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan.

When Dependent Coverage Ends

Dependent coverage ends for all of Your dependents when Your Employee coverage ends. Dependent coverage also ends for all of Your dependents when You stop being a member of a class of Employees eligible for such coverage. And, it ends when this Plan ends, or when dependent coverage is dropped from this Plan for all Employees or for Your class.

If You are required to pay all or part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

Your dependent's coverage ends when he or she stops being an eligible dependent. This happens to a child at 12:01 A.M. on the date the child attains this Plan's age limit, when he or she marries, or when a step-child is no longer dependent on You for support and maintenance or for Your handicapped child who has reached the age limit, when he or she marries or is no longer dependent on You for support and maintenance. It happens to a Spouse when a marriage ends in legal divorce or annulment or a Domestic Partnership ends or no longer qualifies as a Domestic Partnership.

CERTIFICATE RIDER

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Planholder and approved by the Insurance Company, this rider amends this Certificate by the addition of the following:

PORTABILITY PRIVILEGE

Definition: As used in this provision, the terms "port" and "to port" mean to choose a portable certificate of coverage which provides group Hospital Indemnity coverage.

Portability Conditions: Portability is subject to all of the conditions described below.

- You may port if Your coverage under this Plan ends because: (1) You have terminated employment; (2) You stop being a member of an eligible class of Employees; or (3) this Plan ends.
- You may **not** port Your coverage if You have reached Your 70th birthday on the date coverage under this Plan ends.
- You may **not** port coverage for any of Your dependents if he or she has reached his or her 70th birthday on the date coverage under this Plan ends.
- You may **not** port if coverage under this Plan ends due to Your failure to pay any required premium.

Portability Options: You may port Your Hospital Indemnity coverage, subject to any benefit amount reductions based on age, less the amount of any Hospital Indemnity benefits paid by this Plan.

You may port Your dependent's Hospital Indemnity coverage, less the amount of any Hospital Indemnity benefits paid by this Plan.

You may port: (1) Your coverage only; (2) Your coverage and coverage of Your covered Spouse; (3) Your coverage and the coverage of all of Your covered dependents; or (4) if You are a single parent, Your coverage and the coverage of all of Your covered dependent children. No other combinations will be allowed.

A dependent must be covered as of the date Your coverage under this Plan ends in order to be eligible for portability.

If You die while covered for dependent Hospital Indemnity coverage, Your Spouse may port Your dependent Hospital Indemnity coverage as described above. Your Spouse and dependent children must be covered under this Plan on the date of Your death. But, this option is not available if: (1) there is no surviving Spouse; or (2) Your surviving Spouse has reached his or her 70th birthday on the date of Your death.

The Portable Certificate of Coverage: The portable certificate of coverage provides group Hospital Indemnity. The benefits provided by the portable certificate of coverage are the same as the benefits provided by this Plan. The portable certificate provides seamless coverage. Benefit limits, maximums and timeframes do not reset when someone becomes covered under the portable certificate. The premium for the portable certificate of coverage will be based on: (1) the Covered Person's rate class under this Plan; and (2) Your or Your surviving Spouse's age bracket as shown in the Hospital Indemnity Portability Coverage Premium Notice.

How to Port: You or Your surviving Spouse must: (1) apply to Us in writing; and (2) pay the required premium. You or Your surviving Spouse must do this within 31 days from the date Your coverage under this Plan ends. We will not ask for proof that You or Your surviving Spouse are in good health.

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Statement of Erisa Rights (Cont.)

Enforcement Of Your Rights If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

"Group Health Benefits" means any accident, cancer, critical illness, specified disease or hospital indemnity coverages which are a part of this plan.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;

Group Health Benefits Claims Procedure (Cont.)

- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Group Health Benefits Claims Procedure (Cont.)

Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.
