

# Virtual care— anytime, anywhere

Primary, urgent, and mental health care

---

**Illness can occur at any time; so why wait for office hours to have your medical concerns addressed?**

Whether it's primary, urgent, or mental health care, the Premera virtual network prioritizes our members' needs. Providers are just a few clicks away and are ready to offer you the care you need.

On demand, text-based primary care where general medicine and primary care providers are available to answer your questions. They can diagnose and treat you if you're sick or have a chronic condition.

Video chat with a provider to receive care for cold and flu symptoms, pediatric care (ages 1 and older), skin conditions, allergies, headaches, diet/nutrition, medication management, and mental health therapy. Connect with Doctor On Demand via the **Premera MyCare app**.

Virtual access to a licensed therapist through text or video for non-urgent mental health care. Connect with Talkspace via the **Premera MyCare app**.

\*If you already have the Doctor On Demand or Talkspace apps downloaded, you can continue using them as is. You are not required to access them through the Premera MyCare app.

98point6, Doctor On Demand, and Talkspace are independent companies that provide virtual care services on behalf of Premera Blue Cross.
