

WELCOME TO MUTUAL OF OMAHA

We are currently preparing to process the enrollment for your company's group vision plan. A member identification card will be issued to you soon. In the meantime, we are working on ensuring that your vision benefits will be accessible to you as quickly as possible.

If you are visiting the eye doctor prior to receiving your ID card, please call your vision provider's office to confirm you have been added to the system prior to your appointment. If you are not in the system, please contact your benefits administrator.

Your benefits administrator will be notified once processing is complete.
