International Postdocs holding a J-1 Visa (and their dependents) are not required to purchase supplemental coverage for their J1 and J2 Visa requirements. The Postdoctoral Scholar Benefit Plan (PSBP) Short-Term Disability plan satisfies these requirements, even if the postdoc waives the medical, dental and/or vision coverage.

# Summary of Benefits and Coverage (SBC)

Understanding your health plan is important. The Summary of Benefits and Coverage (SBC) summarizes important information about your medical insurance plan in a straight-forward format to help familiarize you with your benefits. This

## **Medical Plan Options Overview**

#### **Health Net HMO**

- Under the Health Maintenance Organization (HMO) model, you must choose a Primary Care Physician (PCP) within the
  network. You can change your PCP up to once a month by contacting Health Net or through the member portal. PCP
  selections are accepted through the UCPath portal for new enrollments only. Existing HMO members should contact
  Health Net to change their PCP throughout the year, including at OE.
- The Primary Care Physician (PCP) will be your first point of contact when accessing care, acting as your "healthcare gatekeeper."
- If you need to see a specialist, a referral from your PCP is required.
- The network is smaller than that of the PPO plan and there is no Out-of-Network benefit, except in the case of an emergency.
- HMO premiums, as well as the out of pocket expenses (i.e. deductible, co-payments, etc.) tend to be lower than the PPO plan option.

### **Health Net PPO**

- The PPO plan offers much more flexibility and choice than the HMO plan because there is an 'In-Network' and 'Out-of-Network' choice at the time you seek service from a provider.
- The In-Network benefits (coinsurance, copayments, etc.) will be richer than the Out-of-Network benefits.
- At the time of service, the member has the ability to seek care from a specialist, without having to obtain a referral from a PCP.

# HMO Primary Care Physician (PCP) Information

If you choose the Health Net Medical HMO plan through the UCPath web site, you have the option to choose a PCP via the <u>Find a Provider</u> section of the Health Net PSBP microsite. Otherwise, Health Net automatically assigns you and your enrolling dependent(s) to a primary care physician (PCP). If you wish to change this selection for yourself or a family member, you may do so simply by calling Health Net at 888-893-1572. Be sure to make note of the effective date of your PCP change. If you access care through the new PCP before the effective date, those services will not be covered.

# Accessing Care Out-of-Network Under a PPO Plan

When you seek services *in-network*, meaning, from providers listed in the PPO network, you are paying less for services since these providers have agreed to provide services per the provider network discounts outlined in their contracts with the insurance carriers. When you pay 50% for major services in-network when seeking services from a PPO dentist, you are paying 50% of a contracted, discounted rate. This is not the case with out-of-network providers.

**Out-of-Network Example:** The out-of-network dentist decides to charge \$1,000 for a porcelain crown on a molar. This dentist is not prohibited from charging what he/she feels can be charged for this service. Your percentage of cost out-of-network is 50% after the \$50 deductible, and Usual, Customary and Reasonable (UCR) is considered \$800 for this service: You pay \$425. **IN ADDITION**, you owe the difference between the UCR amount and what the out-of-network dentist decided to charge you (\$1,000 - \$800), which is an additional \$200.

Total estimated cost out-of-network for the porcelain crown on a molar: \$625

# LIFE | AD&D PLAN

Core Benefits	Life and AD&D
Basic Life	\$50,000*
Accidental Death & Dismemberment	\$50,000*

<sup>\*</sup>All eligible 3252, 3253, 3254, 3255 and 3256 postdocs are automatically enrolled

### What is Life and AD&D Insurance?

Basic Life insurance helps provide financial protection by promising to pay a benefit in the event of an eligible member's covered death. Basic Accidental Death and Dismemberment (AD&D) insurance may provide an additional amount in the event of a covered death or dismemberment as a result of an accident.

### **Additional Features**

AD&D Seat Belt Benefit: Up to \$10,000 is payable for death as a result of a car accident while wearing a seat belt.

AD&D Airbag Benefit: Provides further protection in the event of a covered automobile accident for which an AD&D Seat Belt Benefit is Payable.

AD&D Family Benefits: Includes benefits for career adjustment, childcare, and higher education for eligible surviving family members.

# Designating Your Beneficiary(ies)

A beneficiary is the person or people you would like your life insurance benefit to be paid to in the event of your passing. A contingent beneficiary is the person or people who you would like the benefit to be paid to in the event that all of your primary beneficiaries have predeceased the insured. The Beneficiary form can be found on the GBS website here.

It is recommended you review your beneficiaries if you experienced any major life events in the past year.

# **DISABILITY PLANS**

# What are Short and Long-Term Disability Insurance?

These plans, offered to you through The Standard, provide you a way of protecting your income should you become disabled. Though many of us feel that we will never be disabled, studies show that a 20-year-old worker has a one-in-four chance of becoming disabled before reaching full retirement age (Social Security Administration Fact Sheet, August 2022). It is important to have a vehicle to offer protection to your income, to allow you to meet your financial obligations when you are unable to work; Disability insurance does just that.

Core Benefits	Short-Term Disability (STD)		
Benefit Amount	70% of your <i>pre-disability</i> earnings (\$1,000 per week maximum)		
Benefit Waiting Period	0 days for an accidental injury   7 days for sickness or pregnancy		
Maximum Benefit Period	180 days		

**Please Note**: Eligible international postdocs (title codes 3252, 3253, 3254, 3255, 3256) holding a J-1 Visa (and their J2 dependents) DO NOT need to purchase supplemental medical evacuation and repatriation coverage to meet J1 and J2 Visa requirements. The STD plan satisfies these requirements, even if the participant waives the medical, dental and vision coverage.

Core Benefits	Voluntary Long-Term Disability (LTD)*		
Benefit Amount	60% of your <i>pre-disability</i> earnings (\$4,500 per month maximum)		
Benefit Waiting Period	Payable after 180 days of continued disability		
Maximum Benefit Period	Age 65		
Pre-existing Conditions	Ailments diagnosed/treated during the 90 days prior to enrollment will not be covered until the plan has been active for 12 months.		

<sup>\*</sup>Plan is 100% paid by postdoc (\$10.93 per month), must enroll during your period of initial eligibility. Cannot be added during Open Enrollment
