INSTRUCTIONS

A. Complete a claim form. Most providers will bill directly for you and no claim form will be necessary. However, if you do incur expenses from a provider who will not bill the plan directly, you will need to complete a claim form and provide an itemized bill. (See "**B**" for more information about itemized bills.)

B. Attach the itemized bill. Please do not highlight or modify the itemized bill as this may cause delayed processing of your claim.

The itemized bill must contain all of the following information:

- Name of the member who incurred the expense
- Name, address and IRS tax identification number of the provider
- Diagnosis code (ICD-9). This information must be obtained from your provider.
- Procedure codes (CPT-4, HCPCS, ADA or UB-04). This information must be obtained from your provider.
- Date of service and itemized charge for each service rendered

Please note: *Your claim will be returned if all of the information required above is not included.*
