

# Frequently asked questions

## What is LiveHealth Online<sup>®</sup>?

With LiveHealth Online, you have a doctor by your side 24/7. LiveHealth Online lets you talk face-to-face with a doctor through your mobile device or a computer with a webcam. No appointments, no driving and no waiting at an urgent care center.

Use LiveHealth Online for common health concerns like colds, the flu, fevers, rashes, infections and allergies. It's faster, easier and more convenient than a visit to an urgent care center.

## Why would I use LiveHealth Online instead of going to visit my doctor in person?

The choice to use LiveHealth Online is different for each person. For some, busy schedules, location or other conflicts make it hard to get to the doctor's office. It also depends on the type of health condition you have. For certain health concerns, there's just no substitute for going to the doctor in person. But other times, the convenience of having a doctor a click away can help you get the care you need when you need it.

LiveHealth Online should not be used for emergency care. If you experience a medical emergency, call 911 immediately.

## When is LiveHealth Online available?

Doctors are available on LiveHealth Online seven days a week, 24 hours a day, 365 days a year.

## How do I access the LiveHealth Online mobile app?

You can download the LiveHealth Online mobile app for free on your mobile device by visiting the App Store or Google Play.

## Do doctors have access to my health information?

LiveHealth Online doctors can only access your health information and review previous treatment recommendations and information from prior LiveHealth Online visits.

If you are using LiveHealth Online for the first time, you will be asked to answer a brief questionnaire about your health before you speak with a doctor. Then the information from your first online visit will be available for future LiveHealth Online visits.

## How does LiveHealth Online work?

When you need to see a doctor, simply go to [livehealthonline.com](http://livehealthonline.com) or access the LiveHealth Online mobile app. Select the state that you are located in and answer a few questions. Best of all, LiveHealth Online may be a part of your health plan. So your visit may cost the same as a regular office visit copay or \$49, depending on your health plan benefits.

Establishing an account allows you to securely store your personal and health information for common health concerns. Plus, you can easily connect with doctors in the future, share your health history and schedule online visits at times that fit your schedule.

Once connected, you can talk and interact with the doctor as if you were in a private exam room.

## How long does a LiveHealth Online session with a doctor usually last?

A typical LiveHealth Online session lasts about 10 minutes.

*Not available with HRA plans and plans purchased through the Connecticut Health Insurance Marketplace known as Access Health CT.*

### How much does it cost to use LiveHealth Online?

LiveHealth Online may be a part of your health plan. So your visit may cost the same as a regular office visit copay or \$49, depending on your health plan benefits. To find out how much your visit will cost, enter your member ID on LiveHealth Online and the cost will be shown before you visit with a doctor.
