Introduction

Welcome to Gallagher vChoice. This unique program allows you to fill in the benefit gaps based on you and your family's individual needs. By carefully selecting and combining competitive insurance companies and providers, Gallagher vChoice offers you choices and convenience not found anywhere else.

Who is eligible?

After completing your employer's probationary period, all "actively at work" eligible employees are qualified to enroll in Gallagher vChoice. Dependents are also eligible to enroll in certain benefits (double coverage is not allowed).

When and how do I enroll?

You may enroll when you first become eligible or during annual open enrollment. You may also enroll or change coverage if you have a qualified change in status. These are the only times you are eligible to enroll in Gallagher vChoice.

To enroll, you must log in to the Gallagher vChoice enrollment website and complete your elections. Some benefits require additional forms to be completed before coverage becomes effective. Please see "How to Enroll" for further details.

Generally, changes can only be made at open enrollment. There are a few exceptions:

- You may enroll a new spouse or new child within one month of the date of marriage or birth/adoption.
- You may terminate your spouse if divorced or legally separated, or he/she dies or becomes disabled for more than one month.
- You must terminate any child who no longer qualifies as a dependent.
- You may change your coverage if, loss or gain of other coverage has occurred.
- You must terminate coverage if you are transferred to an employment status not eligible to participate in Gallagher vChoice; however, continuation of coverage is available for some policies. Please refer to the policy listings in this guide for more details.
- You may change or terminate coverage if either you or your spouse goes on an unpaid leave of absence.

Changes due to qualifying events must be consistent with the event.

What occurs at open enrollment?

At open enrollment, you can add or delete dependents and enroll in or terminate any coverage.

If you had a salary change during the prior year, any affected coverage will be automatically adjusted at open enrollment. In addition, costs may change due to a change in rates by the insurance company. Some policies' rates will increase as you age.

Who can I contact if I have a question or need help?

Gallagher vChoice is co-sponsored by your employer and Arthur J. Gallagher & Co. A team of Benefit Advocates is available to answer questions and provide help when you need it.

Term Life Insurance

As your lifestyle, family and income changes, so does your need for life insurance. Now is a good time to review your life insurance protection and make sure it has kept pace with inflation and your changing needs. You have the opportunity to enroll in a special voluntary life plan sponsored by your employer and underwritten by UNUM.

Benefits

You may elect term life insurance coverage in an amount between 1 to 5 times your annual earnings up to \$750,000 (individual options are listed on the Gallagher vChoice enrollment website). Your spouse/domestic partner may enroll in coverage up to 100% of the approved employee amount. You may elect \$10,000 of coverage for each of your eligible children (coverage is reduced to \$1,000 for children between birth to 6 months old).

If you (or your spouse/domestic partner) would like to increase the term life insurance coverage, you must wait until the next open enrollment period to do so. You may also be required to submit a medical Evidence of Insurability form to UNUM for approval.

Benefits are paid to your designated beneficiary in the event you die from any cause (except as noted in the Exclusions and Limitations below). If you enroll your spouse/domestic partner or child, you will automatically be the beneficiary of your spouse/domestic partner's or child's coverage.

Eligibility

Term life insurance is available to:

- Employee
- Spouse/Domestic Partner
- Children to age 26 (includes your natural offspring, adopted children, stepchildren, domestic partner's dependents and foster children)

You must enroll in employee term life coverage in order to enroll your spouse/domestic partner and/or dependents.

Please note: Dependent Coverage: Insurance coverage is not allowed if that dependent is totally disabled on the date that insurance would otherwise be effective. **This means you may not enroll or increase coverage if your dependent meets the definition of "Totally Disabled".**

If your eligible dependent is totally disabled, your dependent's coverage will begin on the first of the month following the date your eligible dependent no longer is totally disabled. This provision does not apply to a newborn child while dependent insurance is in effect.

"Totally disabled" means that, as a result of an injury, a sickness or a disorder, your dependent is confined in a hospital or similar institution; is unable to perform two or more activities of daily living (ADLs) because of a physical or mental incapacity resulting from an injury or a sickness; is cognitively impaired; or has a life threatening condition.

Exclusions and Limitations

As is permitted under the Age Discrimination and Employment Act, your maximum allowable coverage will be reduced to:

- 65% of your coverage amount at age 70
- 50% of your coverage amount at age 75

Continuation of Coverage

Continuation of coverage options are available should you wish to continue term life insurance when you would otherwise lose coverage (i.e., your employment terminates). Please see your employer for details.

Guaranteed Coverage

Your coverage may be guaranteed if you enroll during your initial open enrollment period or within 31 days of first becoming benefit eligible. Guarantee Issue is only available during the initial enrollment period. Spouse/domestic partner Guarantee Issue amounts are 50% of the employee amounts and \$10,000 per child.

Adding or increasing coverage may require that you submit an Evidence of Insurability form. Once you have been approved for coverage, the insurance company cannot cancel it due to declining health.

Please note: You will be billed your election amount up to the Guarantee Issue beginning on your eligibility date. Any amount you elect in excess of the Guarantee Issue will be effective the first day of the month following approval from underwriting.

If you are electing an amount above the Guarantee Issue you must complete the Evidence of Insurability form. If you or your family wishes to enroll more than 31 days after you become eligible, you must wait until the next open enrollment. Guarantee Issue coverage will not be available to you at that time and you must complete an Evidence of Insurability form.

For current participants: Please be aware that if you are declined due to adverse health for any amounts above the Guarantee Issue, you will be locked at Guarantee Issue regardless of any future salary changes.

Important Notes

Waiver of Premium

If you become totally disabled before age 60 and your disability lasts at least 9 months, you may be eligible for a Waiver of Premium. You must complete the Waiver of Premium application. If the application is approved, your coverage will continue, at no cost to you, as long as you are under age 65 and continue to remain disabled. Please see your employer for further information.

Accelerated Benefits

If a doctor certifies you are terminally ill and not expected to live more than 12 months, you may request up to 75% of your life insurance amount be paid to you. Please see your employer for further information.

Accidental Death & Dismemberment

This benefit covers you against accidents occurring on or off the job, in or away from home, with no geographical limits. Accidental Death & Dismemberment insurance is offered through The Standard.

Recurrence Benefit:

If you are diagnosed with a covered illness again after a treatment free period of 12 months, you will receive 25 percent of the original benefit amount.

Pre-Existing Condition

Preexisting conditions can affect your coverage if they occurred at any time during the 12 month period just before the date your or your dependent's insurance or an increase in coverage amount becomes effective. Preexisting conditions are defined as:

A mental or physical condition (whether or not diagnosed or misdiagnosed) for you or your dependent consulted a physician or other licensed medical professional; received medical treatment, services or advice; undergone diagnostic procedures including self-administered procedures or taking prescribed drugs or medications.

A mental or physical condition that was discovered or suspected as a result of any medical examination, including a routine examination.

You or your dependent will not be covered for a critical illness (or an increase in coverage) if it is caused or contributed to by a preexisting condition or medical or surgical treatment of a preexisting condition. The preexisting condition will be covered if, on the day you or your dependent incur the critical illness:

You or your dependent have been continuously insured under the group policy for 12 months.

You have been actively at work for at least a full day after the end of that 12 months.

Accident

Nobody plans to have an accident — and most people don't budget for one, either. Accident insurance helps you pay for out-of-pocket expenses medical insurance won't cover. If your covered child gets injured while participating in an organized sport, you'll receive an additional 25 percent of the total benefit paid. It's an affordable way for you to keep your financial lives moving in the right direction. The accident benefit is offered through Standard Insurance Company.
