Women’s Health and Cancer Rights Act

The Women's Health and Cancer Rights Act of 1998 requires group health plans that provide medical and surgical coverage for mastectomies also provide coverage for reconstructive surgery following such mastectomies in a manner determined in consultation with the attending physician and the patient.

Coverage must include:

- All stages of reconstruction of the breast on which the mastectomy has been performed,
- Surgery and reconstruction of the other breast to produce a symmetrical appearance, and
- Prostheses and treatment of physical complications of all stages of mastectomy, including lymphedemas.

Benefits for the above coverage are payable on the same basis as any other physical condition covered under the plan, including any applicable deductible and/or co-pays and coinsurance amounts.

Special Enrollment Rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 31 days after you or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

You may also be able to enroll yourself or your dependents in the future if you or your dependents lose health coverage under Medicaid or your state Children's Health Insurance Program, or become eligible for state premium assistance for purchasing coverage under a group health plan, provided that you request enrollment within 60 days after that coverage ends or after you become eligible for premium assistance.

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 31 days after the marriage, or 60 days after birth, adoption, or placement for adoption. To request special enrollment or obtain more information, contact your Human Resources Department. Refer to your benefit booklet for details.

The healthcare professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating healthcare professionals who specialize in obstetrics or gynecology, contact the Kaiser Permanente provider listed under "Your Benefits Contacts" at the beginning of this guide.
