Certification

If you refuse coverage for yourself, you automatically refuse that coverage for any dependents. If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your dependents in this plan, provided that you request enrollment within 30 days after your other coverage ends. Also, you must indicate the reason for declining enrollment to later be eligible under the special enrollment rules. In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents, provided that you request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption. The pre-existing conditions limitation is stated in the summary plan description. You and/or your dependents have the right to demonstrate creditable coverage by requesting a certificate of coverage from your prior plan or insurer. If necessary and requested, this plan will assist you in obtaining this certificate.

By signing below, I certify the above information is true and correct.
